Iranian Makes Straight A's On Lie Detector

By J. NELSON TAYLOR

The last time the Tehran security police was in the U.S. for a lie detector test, it was because of a murder case. Last year, they took another 100 tests, most of them involving weapons or drugs. This year, the agency has done more tests in the U.S. than in any other country outside Iran.

PHOTO TOP: An Iranian police officer uses a lie detector to test the Iranian ambassador to Washington, D.C., in the presence of the U.S. ambassador to Iran, Ata-Mohammad Sadr.
