High Cost Of Kids... Taxes Upset Student Voter

By Philip Butler

Dear Helen and Joel:

I am writing to you to express my concern about the high cost of kids, especially with the recent increases in tuition and fees at the university. As a student, I am finding it increasingly difficult to manage my expenses and still afford the necessities. I have been living in the dorms and sharing a room, which has helped in some ways, but I'm still struggling to make ends meet.

I understand that the university needs funding to maintain and improve its facilities, but I believe that there should be more focus on finding ways to keep tuition fees reasonable for students. Many of my classmates are also facing similar challenges, and we appreciate the efforts of our representatives to address these issues.

Sincerely,

International Supper Set

By Helen Perkins

The International Supper Set is an event that has been an annual tradition at the University of Oklahoma School of Medicine, celebrating the diversity and cultures of the students and faculty. This year, the event was held on [date], and it was a success.

The event featured performances by students representing various countries, showcasing their traditional dances, music, and food. The evening concluded with a dinner, where attendees had the opportunity to sample international dishes and learn more about the different cultures represented.

The proceeds from the event go towards scholarships for students who are facing financial difficulties. It is a great way to support our students and ensure that they have the opportunity to pursue their dreams of becoming doctors.

To get more information about the International Supper Set or to make a donation, please contact [contact information].

Some people argue that the state should provide separate but equal facilities for white and non-white students. Others believe that the state should provide a single integrated school for all children.

Will Freshman Quarterback OU Next Fall?

Tom Wright
Executive Sports Editor

It is possible that a freshman will quarterback the Oklahoma Sooners next year.

"It's good fun to have the opportunity," said Barry Swoboda, OU's most consistent backfield star for the past two seasons.

A multi-talented player, who excelled at both the quarterback and running back positions, Swoboda has been instrumental in the Sooners' success.

"He's been a great player for us," said OU coach Tom Hopkins. "He's shown that he can handle the responsibilities of being a quarterback."
