Hall Plugs Bonds, Vows Tax Veto

By DAVID CRAWFORD

Gov. David Hall has again expressed his support for a $1 billion bond issue for state construction needs, but this time he is prepared to override a potential veto by legislative leaders if they block the measure.

Hall was speaking after a news conference in which he signed a bill that provides $100 million in new state funding for education. The bill, which was passed by the Legislature, included Hall's request for an additional $25 million for public schools.

"I am proud to sign this bill," Hall said. "It is an important step in our efforts to improve education in Oklahoma and prepare our children for the future."
Police Seek Leads In Slaying Of City Grandmother

The city's police department is seeking leads in the investigation of the murder of a 90-year-old woman. The victim was found with a single gunshot wound to the head in her home in the late hours of the night. The crime scene is being thoroughly examined by forensic experts, and the police are asking anyone with information to come forward.

Blood Research Studies Disease

From blood plasma, the scientists can derive the chemical that is necessary to repair the blood vessels. This is done by using a technique called "microfractionation," which involves breaking down the plasma into smaller components. The scientists then test these components to determine which ones have the desired effect.
