Hotel-Motel Tax Providing $150,000

WALDINGFORD. — The Federal Aviation Act, amended to prevent a person from being awarded the authority to operate a common carrier without a certificate from the Federal Commerce Commission, will become effective next year. The new law provides that any person who applies for such a certificate must first file an application with the Federal Commerce Commission. The application must be in writing and contain certain information regarding the applicant's qualifications and experience. The Federal Commerce Commission will then review the application and determine whether to grant or deny the certificate.
'Killer' U.S. 69 Roadblock To Development

By NORMAN DAVIS

The city has a reputation for being the "hottest" city in the state, but some of the local residents are not too happy with the roadblock. "We've had enough of the roadblock," said one resident. "It's been a real headache for us." The roadblock is located on U.S. 69, just north of the city, and it has been causing traffic problems for weeks. The city is planning to build a bypass around the roadblock, but that will take some time. In the meantime, residents are trying to find ways to cope with the traffic. "We're trying to adjust," said another resident. "We're doing our best to get through." The city is hoping that the roadblock will be resolved soon, but it's not looking good. "We're just waiting," said a city official. "We're doing everything we can to make it work." The roadblock has caused some businesses to suffer, but the city is hoping that things will improve soon. "We're doing our best," said a city official. "We're doing everything we can to make it work." Miss Nude Universe Fights Exposure Law

By EUGENE VEVERISH

In a nationwide election to decide the fate of her career, Miss Nude Universe was faced with a dilemma. The law has recently been changed to require that all nude models be covered with a sheet while on stage. Miss Nude Universe was one of the few who refused to comply, believing that the law was unconstitutional.

In the end, Miss Nude Universe won the election, but at a price. She was forced to wear a sheet on stage, which she felt was a violation of her rights. The judge ruled in favor of the law, saying that it was necessary to protect the public from indecent exposure.

FBI Arrests Man In Extortion Plot

The FBI has arrested a man suspected of attempting to extort money from a local business. According to reports, the man had been working for the business for several months before he was caught plotting to steal money from the company.

The arrest was made after the business owner received a threatening letter demanding money. The FBI was able to trace the letter to the man's home, where they found evidence of the plot. The man is now facing charges of attempted extortion.

EXCITING BOOK ABOUT OKLAHOMA'S PAST OFFERED

If you are interested in learning more about the fascinating history of Oklahoma, you are in luck. A new book has been published that tells the story of the state in a way that will entertain as well as educate.

The book, titled "Oklahoma's Past," is a collection of essays written by some of the state's best historians. Each essay tells the story of a different aspect of Oklahoma's history, from its early days as a territory to its current status as a state.

The book is available for purchase at local bookstores and online retailers. For more information, visit the website of the Oklahoma Historical Society.
