Hughes Leaves Nicaragua

By HEINZ DREISCH

The Moscow government has given permission for the departure of 2000 refugees from the Soviet Union to America. Among those who have been approved is Hughes, who is expected to arrive in New York on a plane which left Moscow this morning. He has been in the Soviet Union for several years, and his departure has been considered a matter of great importance by the authorities in Moscow. He is expected to stay in New York for a short time before returning to his home in Europe.

Wallace Sweeps Florida Primary

By WALTER SULLIVAN

The results of the Florida primary election were announced today, and Wallace emerged as the clear winner, securing a landslide victory. Wallace ran on a platform of economic and social justice, and his campaign was supported by labor unions and civil rights organizations. His victory is a significant milestone in the progress of the civil rights movement.

Innovations in Trucking

By JOHN DOUGLAS

The trucking industry is facing significant challenges as the economy continues to recover. Trucking companies are adapting to the changing landscape by implementing new technologies and practices. One major innovation is the use of autonomous vehicles, which have the potential to revolutionize the industry. The use of autonomous vehicles can improve safety and efficiency, but there are also concerns about job displacement and privacy.

Spring Fling Real Thing?

By JIM LLOYD

The season's first spring fling was held in City Park on Saturday, with a large turnout of people enjoying the warm weather and outdoor activities. The event featured live music, food, and games, and was organized by the City Park Association. The weather was perfect for the event, with warm temperatures and clear skies.

Car Backing From Drive Crushers Tot

By ROBERT SMITH

A car backing maneuver has been proven to be a dangerous practice by traffic engineers, who have conducted studies showing that backing from the side of the road is a significant cause of crashes. The practice is especially dangerous near intersections and driveways, where visibility is limited. Traffic engineers recommend that drivers use their mirrors and turn signals to indicate their intentions before changing lanes or backing.

Integration Progress Reported Due

By ROBERT PRICE

The progress of the integration of public schools in Kansas City is being closely monitored by the Department of Education. The integration of schools is a complex issue, and there have been both successes and challenges. The department is working to ensure that all students receive a quality education, regardless of their race or socioeconomic background.

Judges Ignore County's Bills

By J. L. TAYLOR

The county commission has approved a budget which includes several major cuts, including reductions in the funding provided to the local courts. The courts have been asked to find ways to reduce costs, but the commission has not provided any additional funding to support these efforts.

Mitchell Confirms ITT Talks

WASHINGTON, D.C. — President George Mitchell confirmed today that talks with the political opposition in Northern Ireland are continuing. Mitchell said that the talks are focused on the issue of decommissioning, and that progress has been made in recent negotiations. Mitchell indicated that a deal on decommissioning is possible, but that it will be up to the political leaders to reach an agreement.

THE DODGE BOYS ASKED GENE WRIGHT ABOUT FORD, CHEVY, AND DODGE PICKUPS.

HE'S OWNED ALL THREE.

I brought my Dodge truck and car, but I say Dodge is my favorite. It has everything a truck should have. It's big and strong, with a powerful engine and a comfortable ride. I've been a Dodge owner for years and I'm never going back to anything else. I've had my fair share of problems with other brands, but Dodge has always been reliable and trouble-free.

DRY'S GRANTED DELAY

Dry's, the Oklahoma City-based wholesaler of beer and wine, was granted an additional 12 days to check signatures on petitions to prevent state liquor control laws from going into effect. Supreme Court Justice James D. Gilpin granted the extension because of the heavy load of signatures being submitted by opponents. The original deadline for submitting the signatures was April 10th.

The extension allowed the petitions to be submitted until April 24th. Signature collection was halted during this period. The delay was due to a number of factors, including the need to verify signatures and address any objections raised by petitioners.

WEATHER WORD

CONGRATULATIONS TO OKLAHOMA, the state that produced one of the most memorable high school basketball seasons in recent history! The state championship games featured exciting battles, and fans from across the region traveled to support their favorite teams. The Oklahoman's coverage of the tournament was praised for its comprehensive reporting and analysis.

BUSINESS

Gerald C. Miller has been appointed as the new leader of the Oklahoma City office of the national accounting firm. Miller, who has more than 20 years of experience in the field, succeeds Tom Baker, who has retired. Miller is a graduate of the University of Oklahoma and has served in various leadership roles within the company.

CROWNS

Rozelle Wyche, 69, of Norman, Okla., a member of the Native American tribe, has been appointed as the new leader of the Oklahoma City office of the national accounting firm. Wyche, who has more than 15 years of experience in the field, succeeds Tom Baker, who has retired. Wyche is a graduate of the University of Oklahoma and has served in various leadership roles within the company.
