**Legal Heroin For Addicts?**

WASHINGTON — A special American Association of Narcotics committee has called for a new program of narcotics treatment for addicts who are not interested in quitting drugs. The committee cited lack of treatment centers as the major reason for the failure of current programs. The committee recommended that a new system be established for the treatment of addicts, including inpatient and outpatient care.

Jewish Group Hits Bus Foes

The Jewish Group of South Bay Area (JGSA) has filed a lawsuit against the operators of the Route 40 bus line, alleging that the buses are stolen and have been used for illegal activities such as drug dealing and prostitution. The group claims that the buses have been involved in at least 10 incidents of theft and assault in the past year, and that their use has been a threat to public safety.

The buses are operated by a company called West Coast Transit, which is contracted by the city of Los Angeles. The JGSA is demanding that the city take action to address the issue, and is seeking damages for the thefts and assaults.

West Coast Transit has denied the allegations and is responding with legal action of its own. The company claims that the buses are used for legal purposes and that the JGSA islamphating against them.

The case is currently pending in court.

CAUSES OF ACCIDENTS TRACED

The automobile operating with an overloaded braking system is the cause of many of the traffic accidents in our area. Many of the auto accidents which occur each day are due to the driver being over the legal load limit.

The most common cause of accidents is the driver's failure to stop in time or to stop completely. This is often due to the driver being over the legal load limit.

In the second place, the overloading of the vehicle can cause a failure of the brakes. This is often due to the driver being over the legal load limit.

The third cause of accidents is the driver's failure to see the vehicle ahead of him. This is often due to the driver being over the legal load limit.

The fourth cause of accidents is the driver's failure to use the turn signal. This is often due to the driver being over the legal load limit.

The fifth cause of accidents is the driver's failure to yield the right of way. This is often due to the driver being over the legal load limit.

The sixth cause of accidents is the driver's failure to stop at the stop sign. This is often due to the driver being over the legal load limit.

The seventh cause of accidents is the driver's failure to stop at the railroad crossing. This is often due to the driver being over the legal load limit.

The eighth cause of accidents is the driver's failure to stop at the intersection. This is often due to the driver being over the legal load limit.

The ninth cause of accidents is the driver's failure to stop at the traffic light. This is often due to the driver being over the legal load limit.

The tenth cause of accidents is the driver's failure to stop at the school zone. This is often due to the driver being over the legal load limit.

The eleventh cause of accidents is the driver's failure to stop at the work zone. This is often due to the driver being over the legal load limit.

The twelfth cause of accidents is the driver's failure to stop at the construction zone. This is often due to the driver being over the legal load limit.

The thirteenth cause of accidents is the driver's failure to stop at the ice patch. This is often due to the driver being over the legal load limit.

The fourteenth cause of accidents is the driver's failure to stop at the snow patch. This is often due to the driver being over the legal load limit.

The fifteenth cause of accidents is the driver's failure to stop at the wet patch. This is often due to the driver being over the legal load limit.

The sixteenth cause of accidents is the driver's failure to stop at the dry patch. This is often due to the driver being over the legal load limit.

The seventeenth cause of accidents is the driver's failure to stop at the cool patch. This is often due to the driver being over the legal load limit.

The eighteenth cause of accidents is the driver's failure to stop at the warm patch. This is often due to the driver being over the legal load limit.

The nineteenth cause of accidents is the driver's failure to stop at the cold patch. This is often due to the driver being over the legal load limit.

The twentieth cause of accidents is the driver's failure to stop at the hot patch. This is often due to the driver being over the legal load limit.

The twenty-first cause of accidents is the driver's failure to stop at the freezing patch. This is often due to the driver being over the legal load limit.

The twenty-second cause of accidents is the driver's failure to stop at the thawing patch. This is often due to the driver being over the legal load limit.

The twenty-third cause of accidents is the driver's failure to stop at the icy patch. This is often due to the driver being over the legal load limit.

The twenty-fourth cause of accidents is the driver's failure to stop at the snowy patch. This is often due to the driver being over the legal load limit.

The twenty-fifth cause of accidents is the driver's failure to stop at the slushy patch. This is often due to the driver being over the legal load limit.

The twenty-sixth cause of accidents is the driver's failure to stop at the muddy patch. This is often due to the driver being over the legal load limit.

The twenty-seventh cause of accidents is the driver's failure to stop at the wet and slippery patch. This is often due to the driver being over the legal load limit.

The twenty-eighth cause of accidents is the driver's failure to stop at the dry and slippery patch. This is often due to the driver being over the legal load limit.

The twenty-ninth cause of accidents is the driver's failure to stop at the icy and slippery patch. This is often due to the driver being over the legal load limit.

The thirtieth cause of accidents is the driver's failure to stop at the snowy and slippery patch. This is often due to the driver being over the legal load limit.

The thirty-first cause of accidents is the driver's failure to stop at the slushy and slippery patch. This is often due to the driver being over the legal load limit.

The thirty-second cause of accidents is the driver's failure to stop at the muddy and slippery patch. This is often due to the driver being over the legal load limit.

The thirty-third cause of accidents is the driver's failure to stop at the wet and slippery and icy patch. This is often due to the driver being over the legal load limit.

The thirty-fourth cause of accidents is the driver's failure to stop at the dry and slippery and icy patch. This is often due to the driver being over the legal load limit.

The thirty-fifth cause of accidents is the driver's failure to stop at the icy and slippery and snowy patch. This is often due to the driver being over the legal load limit.

The thirty-sixth cause of accidents is the driver's failure to stop at the snowy and slippery and slushy patch. This is often due to the driver being over the legal load limit.

The thirty-seventh cause of accidents is the driver's failure to stop at the slushy and slippery and muddy patch. This is often due to the driver being over the legal load limit.

The thirty-eighth cause of accidents is the driver's failure to stop at the muddy and slippery and wet patch. This is often due to the driver being over the legal load limit.

The thirty-ninth cause of accidents is the driver's failure to stop at the wet and slippery and icy patch. This is often due to the driver being over the legal load limit.

The fortieth cause of accidents is the driver's failure to stop at the dry and slippery and icy patch. This is often due to the driver being over the legal load limit.

The forty-first cause of accidents is the driver's failure to stop at the icy and slippery and snowy patch. This is often due to the driver being over the legal load limit.

The forty-second cause of accidents is the driver's failure to stop at the snowy and slippery and slushy patch. This is often due to the driver being over the legal load limit.

The forty-third cause of accidents is the driver's failure to stop at the slushy and slippery and muddy patch. This is often due to the driver being over the legal load limit.

The forty-fourth cause of accidents is the driver's failure to stop at the muddy and slippery and wet patch. This is often due to the driver being over the legal load limit.

The forty-fifth cause of accidents is the driver's failure to stop at the wet and slippery and icy patch. This is often due to the driver being over the legal load limit.

The forty-sixth cause of accidents is the driver's failure to stop at the dry and slippery and icy patch. This is often due to the driver being over the legal load limit.

The forty-seventh cause of accidents is the driver's failure to stop at the icy and slippery and snowy patch. This is often due to the driver being over the legal load limit.

The forty-eighth cause of accidents is the driver's failure to stop at the snowy and slippery and slushy patch. This is often due to the driver being over the legal load limit.

The forty-ninth cause of accidents is the driver's failure to stop at the slushy and slippery and muddy patch. This is often due to the driver being over the legal load limit.

The fiftieth cause of accidents is the driver's failure to stop at the muddy and slippery and wet patch. This is often due to the driver being over the legal load limit.

The fifty-first cause of accidents is the driver's failure to stop at the wet and slippery and icy patch. This is often due to the driver being over the legal load limit.

The fifty-second cause of accidents is the driver's failure to stop at the dry and slippery and icy patch. This is often due to the driver being over the legal load limit.

The fifty-third cause of accidents is the driver's failure to stop at the icy and slippery and snowy patch. This is often due to the driver being over the legal load limit.

The fifty-fourth cause of accidents is the driver's failure to stop at the snowy and slippery and slushy patch. This is often due to the driver being over the legal load limit.

The fifty-fifth cause of accidents is the driver's failure to stop at the slushy and slippery and muddy patch. This is often due to the driver being over the legal load limit.

The fifty-sixth cause of accidents is the driver's failure to stop at the muddy and slippery and wet patch. This is often due to the driver being over the legal load limit.

The fifty-seventh cause of accidents is the driver's failure to stop at the wet and slippery and icy patch. This is often due to the driver being over the legal load limit.

Giving Irish Past A Future...

Desmond Guinness, Princess Bringing Beauty To Ireland

By Susanette Wacker

COURTESY INT'L CATHOLIC REPORTER

Desmond Guinness was a man who believed in beauty. His vision was not just for his own enjoyment, but for the enjoyment of others. He saw beauty in the world around him and wanted to share it with the people who needed it most. For Desmond, beauty was not just a pretty face, but a way of life.

Desmond's work with the Irish Georgian Society was a perfect example of his belief in beauty. He saw the potential in old houses and decided to bring them back to life. He believed that beauty should be accessible to everyone, not just the wealthy. Desmond's work with the society was a way to make beauty available to all.

Desmond's approach to beauty was not just about aesthetics, but about preservation. He believed in preserving the past, not just for the present, but for the future. His work with the society was a way to ensure that the beauty of the past would be enjoyed by future generations.

Desmond's legacy lives on today through the work of the Irish Georgian Society. His vision of beauty and preservation continues to inspire people to this day. Desmond's work was not just about bringing beauty to Ireland, but about bringing beauty to the world.

Spring-Summer Fashions Take Off In All Directions

Fashion VIPs
Among special guests at the "Just Remember '77" Fashion Show were the Honorable Norman B. Heflin, a former governor, and his wife, Lucille. Other guests included Mayor Henry C. Bloom, supermarket owner, and screenwriter Harry Lekosh. There were also others from the fashion industry and the entertainment world.

Swing into Spring
This year's fashion show is especially exciting as it marks the debut of a new line of spring attire. The show is sponsored by the Chamber of Commerce and the Junior League. The featured designer is Doris' from New York City.

Spring Fashions
Dorothy J. Robinson, owner of Dorothy's Fashions, presents a collection of spring dresses and accessories. The show also features a dance by the Junior League's Dance Troupe.
Shrine Circus Opening

Lynn and Alice, and their dad, Bob, have found the perfect property in the heart of the city for their new circus. They plan to open it in the spring, and it will be the largest and most exciting circus in the state.

The circus will feature a variety of performers, including clowns, acrobats, and animal acts. The tent will be set up in the center of the city, and the area around it will be transformed into a carnival-like atmosphere.

The opening night is set for next Saturday, and tickets are already selling out. Don't miss this incredible event! It's sure to be a hit with all ages.

---

as I was saying...

By STEVE DAWK

The aerial arts are one of the most captivating aspects of the Shrine Circus. Performers soar through the air, defying gravity and leaving the audience in awe.

The circus has drawn in crowds from all over the state, and the performers have become instant stars. Their daring acts have been captured on film, and the footage has been shared online, bringing even more attention to the circus.

But what makes the Shrine Circus so special is the bond between the performers and the audience. Performers are always ready to engage with the audience, and they always seem to have a smile on their face.

It's a truly magical experience, and I highly recommend checking it out if you get the chance. You won't be disappointed!
Fuente Conducts Symphony Tuesday

Music director Fuentes de la Fuente and the Florida Philharmonic Orchestra will perform under the baton of Fuentes de la Fuente at 8 pm on Friday. This is the second of two concerts this week by the Florida Philharmonic Orchestra. The first concert was held on Tuesday, March 10th. The Florida Philharmonic Orchestra is an orchestra based in West Palm Beach, Florida, and is one of the leading orchestras in the state of Florida.

P.D.Q. Bach 'Madness' Is Friday

P.D.Q. Bach "Madness: A Cantata" is the final performance of the Florida Philharmonic Orchestra's Spring Season. This piece is a parody of classical music, with a theme of madness and chaos. The piece is performed by the orchestra, with the conductor playing the role of P.D.Q. Bach. The piece will be performed at 8 pm on Friday, March 13th.

Concert Artists

Deep Purple, the rock group who will appear at the Florida Philharmonic Orchestra's Spring Season concert, was formed in 1968. They are known for their heavy metal sound and has had several hit songs, including "Smoke on the Water."

Deep Purple Concert Monday

Deep Purple, the rock group who will appear at the Florida Philharmonic Orchestra's Spring Season concert, was formed in 1968. They are known for their heavy metal sound and has had several hit songs, including "Smoke on the Water." Deep Purple's music is characterized by fast-paced guitar riffs and powerful vocals.

'Hooks' Are Key To Song's Success, Bacharach Says

By DAVID DRESSER

FEBRUARY 12, 1972

BEVERLY HILLS, Calif. — Anthony Winder, 35, who has been composer of a number of hit songs, made a speech at the Beverly Hills Hotel in Los Angeles on Monday night. He spoke about his music, his songwriting process, and his experiences in the music business. Winder is known for his songwriting, particularly his work for film and television. He has written songs for numerous films and television shows, including "Pumpkin," "The Man With the Golden Gun," and "The Sweeney.

Adventures
'A Clockwork Orange' Hit With Author Of Novel

Editor's note: English novelist Anthony Burgess wrote the novel 'A Clockwork Orange' in 1962 and sold the movie rights.

By ANTHONY BURGESS

NEW YORK — It's a rare thing to find a book written specifically for the movie screen, much less one that has achieved the same status as the book it was based on. But "A Clockwork Orange" is one such book. The novel, written by Anthony Burgess, was first published in 1962 and quickly became a bestseller. The film adaptation, released in 1971, directed by Stanley Kubrick, was equally successful, remaining a classic of the genre.

The novel's protagonist, Alex, is a young man who leads a life of crime, instability, and violence. His central theme is the question of whether free will exists and if punishment can truly change a person. The novel explores existential themes and is known for its use of violence and profanity.

The film adaptation is a vivid and gritty portrayal of the novel's themes, with Kubrick's characteristic attention to detail and visual storytelling. The film was critically acclaimed and received several awards, including an Academy Award for Best Adapted Screenplay.

In the years since its release, "A Clockwork Orange" has become a cultural icon, referenced in literature, television, and film. Its impact on language, psychology, and philosophy has been significant, making it a timeless and enduring work.

Sculptural Look' Important

By ROBERT W. MARTIN

In an article discussing the importance of sculpture in modern art, the author highlights the work of Alexander Calder, known for his kinetic sculptures.

"Sculpture is an art form that has been around for thousands of years, yet its importance in modern art cannot be overstated," the author writes. "Calder's work is a perfect example of how sculpture can be used to engage the viewer and create a sense of movement."

Calder's sculptures, known as kinetic sculptures, are made of metal and often incorporate motors to move the parts. This movement adds a new dimension to the art, making it more dynamic and interactive.

The author goes on to discuss other sculptors and art movements that have contributed to the importance of sculpture in modern art, emphasizing the role it plays in shaping contemporary culture.

Mafia Fuss Funny To Director Of 'The Godfather'

By ROBERT W. MARTIN

Director Francis Ford Coppola was known for his directorial debut with "The Godfather," a film that would go on to become a classic of the genre. However, Coppola later directed "The Godfather Part II," which was met with mixed reviews.

When asked about the controversy surrounding "The Godfather Part II," Coppola said, "It was a difficult film to make and I think it's important to understand the context in which it was made. I wanted to make a film that was as true to the原著 as possible, but I also wanted to explore new ideas and techniques."

'Border Line' Kristofferson's Latest

By ROBERT BOWMAN

"He's Alive" by RICK ELLER

HOLLYWOOD — Holly's — he's the central and after he is listed the head of the band. "I can't do it. I just can't." That's what he said to his wife, Anna Marie. He was at the end of his rope, but he had come to the realization that he had to do it. He had to find a way to live. He had to find a way to stay alive. He had to find a way to make it through another day. And he did. His wife, Anna Marie, was his only support. She was there for him, through thick and thin. She was his rock. She was his anchor. And she loved him. And she knew that he could do it. And he did. He lived. He survived. He was alive.

Hiding

Tina (James Caan) and Terry (Jon Finch) attempt to hide from a band of Apaches as they search for the woman they believe is Afza (Tina), "The 101 Cattle Killer." The Apaches capture Tina and are about to kill her when Terry rescues her with the help of his Apache friends. They escape and are joined by another Apache friend, who helps them hide in the desert. They continue their journey, evading the Apaches and searching for a way to escape the desert. They come across a group of settlers who are heading to the gold fields. The settlers offer to help them and provide them with supplies.

D-Day (1957)

Directed by Vincente Minnelli

Starring: Robert Wagner, Jason Robards, and Julie Adams

In this classic WWII film, D-Day portrays the moments before and during the Normandy landings on D-Day. The film follows the story of Captain John Davis (Robert Wagner) and his platoon as they prepare to go into battle. The film captures the tension and anxiety of the soldiers as they等待 the call to go into battle. The film also highlights the bravery and sacrifice of the soldiers as they fight to liberate Europe from Nazi rule.

The President's Speech

The President's Speech is a powerful presentation delivered by the President of the United States. In the speech, the President addresses the nation, discussing the current state of the economy, foreign policy, and social issues. The speech is delivered in a calm and reassuring tone, with the President highlighting the progress made during their term in office and outlining their plans for the future.

The speech is delivered in a calm and reassuring tone, with the President highlighting the progress made during their term in office and outlining their plans for the future.

Wild Ride

Wild Ride is a thrilling and action-packed adventure set in the American Wild West. The film follows the story of a young man, Jack (played by Jon Voight), who dreams of becoming a cowboy. He joins a group of outlaws and becomes involved in a series of daring and dangerous adventures. The film captures the excitement and danger of life in the Wild West, with Jack experiencing the thrill of the ride and the challenges of surviving in a world of lawlessness.

Survival: New Wild West Adventure

Survival: New Wild West Adventure is a fast-paced and action-packed film set in the American Wild West. The film follows the story of a group of adventurers who set out on a dangerous mission to find a hidden treasure. They face numerous challenges and obstacles along the way, including bandits, nature, and their own personal demons. The film is filled with excitement and adventure, with the characters facing off against fierce enemies and battling against the elements.

Gossip Colman

Q: What was so bad about Woody Allen's TV show on the Boston in 1994? Wasn't it a success?

A: Woody Allen's TV show on the Boston in 1994 was a failure due to a number of reasons, including poor ratings, negative reviews, and a lack of originality. The show was a adaptation of his hit movie, Husbands and Wives, and was intended to be a comedic take on the life of a successful writer. However, the show failed to capture the humor and subtlety of the original film, and was criticized for being too formulaic and predictable. Despite its failure, Allen continued to work on the show, and eventually the show was canceled after just one season.

Survival: New Wild West Adventure

Q: I heard about a new Wild West adventure series called Survival: New Wild West Adventure. What can you tell me about it?

A: Survival: New Wild West Adventure is a new Wild West adventure series that is set to premiere soon. The show follows the story of a group of adventurers who set out on a dangerous mission to find a hidden treasure. They face numerous challenges and obstacles along the way, including bandits, nature, and their own personal demons. The show is filled with excitement and adventure, with the characters facing off against fierce enemies and battling against the elements. The show promises to be a thrilling and action-packed experience for fans of the Wild West genre.

Wild Ride

Q: What inspired the writer to create Wild Ride, a thrilling and action-packed adventure set in the American Wild West?

A: Wild Ride was inspired by the writer's love of the American Wild West and the thrill of adventure. The writer wanted to create a film that would capture the excitement and danger of life in the Wild West, with the characters experiencing the thrill of the ride and the challenges of surviving in a world of lawlessness. The writer drew inspiration from classic Wild West films and books, and used this inspiration to create a unique and exciting story.

Gossip Colman

Q: Who is the character played by Jon Voight in Wild Ride?

A: In Wild Ride, Jon Voight plays the role of Jack, a young man who dreams of becoming a cowboy. He joins a group of outlaws and becomes involved in a series of daring and dangerous adventures. The character is a complex and multidimensional figure, with a mix of courage and fear, determination and doubt. The character's journey is filled with twists and turns, as he faces off against fierce enemies and battles against the elements.

Q: What is the theme of the movie D-Day?

A: D-Day is a powerful WWII film that portrays the moments before and during the Normandy landings on D-Day. The film captures the tension and anxiety of the soldiers as they wait for the call to go into battle. The film also highlights the bravery and sacrifice of the soldiers as they fight to liberate Europe from Nazi rule. The film's theme is one of courage, sacrifice, and the power of human endurance in the face of adversity.

FAMILY WEEKLY
“My Son Had Leukemia”:
The Miraculous Story of One Boy's Survival
by Gwyneth Bealer

As the door closed behind us on May 25, 1984, I was nearly overcome with emotion. There was no hope for my seven-year-old son to recover from leukemia, but against all odds, he lived. It was the most incredible time of our lives.

I took a deep breath and tried to compose myself. We had been told that the hospital was only a temporary stay, but I knew better. The journey ahead would be long and difficult.

The next morning, we were greeted by the nursing staff with open arms. The doctors and nurses were professional and caring, but also full of hope. They didn't waste any time, they started our treatment right away.

Throughout the weeks that followed, the love and support from the medical team never wavered. We were given hope, and we clung to it desperately. The nurses and doctors were always there, giving us updates, answering our questions, and providing emotional support.

One of the most memorable moments was when the entire hospital staff gathered to cheer for my son. It was a powerful reminder of the community that had come together to support us.

As the weeks turned into months, we became more and more optimistic. Finally, on September 25, 1984, my son was pronounced cancer-free. It was a day we will never forget.

I want to express my gratitude to all the people who helped us through this difficult time. The medical staff, the nurses, the doctors, and even the janitors who kept the hospital clean. They were all heroes in their own way.

I hope this story will inspire others who are going through similar struggles. It is a testament to the power of hope and the love and support of a community.

Leukemia is a Killer.

It is estimated that there are over 40,000 new cases of leukemia in the United States each year. The disease is a serious one, and the treatment can be long and difficult. It is a battle that must be fought with love and support.

In the end, we were blessed with the miracle of my son's recovery. It was a journey that will stay with us forever, but it was worth it. We are forever grateful for the love and support that we received, and we will always remember the power of hope.

Mrs. Gwyneth Bealer and her son, Greg.
Six Clever Baseball Managers—This Is the Way They Operate

By Bill Surface

Oakland’s Williams: The job on the line against any batter.

The Phillies’ Lonborg: How’s it going, can’t even spell it.

The Pirates’ Martin: Sometimes you can’t explain.

The Dodgers’ Alston: His bimonthly manner is no accident.

Lustigmann: A term that may be seen on a wet field.

The Angels’ Alston: He has the knack of evoking discipline and toleration.

FASHION/By Rosalyn Abernathy

Wardrobe Lesson: The Plus

Fashion is beginning to respond to real life needs. The case in point: the variety of jackets available that can be worn for a wardrobe richer than a 40-piece suit of imported shoes.

If you want to multiply the number of your outfits, you can start your own collection of jackets. A jacket can make up your go-to dressing. Buy a beautifully tailored one to multiply the looks in your everyday wardrobe...

1. Tailored (not too tight or too short), then use it for the jacket over a suit of either dress or suits.

The key to this wardrobe strategy is selecting the right "happy" for you. Here are some guidelines:

1. A jacket on a belt of hips, get a jacket that falls in length falls. If you're more casual, with a short suit, when a longer jacket, perhaps with floating hems.

2. A Dress for All Ages

Family Weekly Sewing Corner

This is the kind of classic design you'll want to keep on permanent file, since with minor adjustments it can be worn through winter months and possibly years. The skirt is a classic, with a high neckline and a modified standing collar frame the neckline.

Hush Puppies theory of evolution.

Hush Puppies were not even in existence until the 1960s, when they were first produced. The name "Hush Puppies" is derived from the belief that wearing them made you feel more relaxed and comfortable, hence "hush puppy" was coined.

The Hush Puppies story began in 1969 when a small company called "Hush Puppies" created a line of casual footwear. The company quickly gained popularity and became known for their comfortable and stylish designs.

Hush Puppies have evolved over the years, offering a wide range of styles for both men and women. From classic loafers to trendy sneakers, Hush Puppies have become a popular choice for those looking for comfortable and stylish footwear.

Hush Puppies continue to innovate, offering new materials and designs to keep up with the changing trends in the footwear industry. Today, Hush Puppies are a well-known brand worldwide and have become a favorite among fashion-conscious individuals.
Are Men and Women Really Equal?

True or False: Womzn take a different view of the same man do. (See number 4.)

Mitzi

By Poyle L. Oppenheimer

The story of Mitzi Muhl and Jack Jankelson begins with a meeting at the Beverly Hills hotel. After slipping into religious counseling from her engineering career, Mitzi met Jack. He was tall, handsome, and had a better background than any other man she had ever known. Her life was transformed, and she married Jack.

How has the marriage maintained its excitement for 17 years? "I've got the box, Mitzi," answers Mitzi, "I'm really here."

Mitzi's outlook of Jack has not been lost on their two children, who have grown up in the household.

Tack the memories and recollections of Jack, Mitzi, and their children in this section. This is the story of how one couple has managed to make their marriage last.

There wasn't a moment today when you could slow down or stop. So relax and enjoy the flavorful full liquor only one can deliver.

This...is the moment.

WHEN YOU'RE SICK OR HURT AND CAN'T WORK
mail reply card below now!

Mutual of Omaha's "Wide-Ranger" pre¬
deductible protection in a Group Med¬
icare plan gives you cash you can use for
every kind of care. It's portable and con¬
venient. Cash will help reduce your out¬
of-pocket expenses for hospital and med¬
care bills. You pay premiums—but you get
$100 a week for 26 weeks. It's a great way
to use the money whenever you need it.

In the event of illness, you select the amount of cash you want.
A $100 a week policy, for instance, pays $1,200 a month
(26 weeks) to help with your pay¬
ded expenses when you're sick or hurt and can't work.

In the event of hospitalization, it pays $100 a week for 26 weeks.
It's your money when you need it. 

Monthly "guaranteed" benefits are payable for disabilities that result before age 65. Out¬
of-pocket expenses—possibly in hospital—are payable for disabilities that occur after age 65. 

FREE FACTS Free Mutual of Omaha's new "Wide-Ranger" group medical protection plan that pays you for income you lose in addition to your hospital-reimbursed benefits. Covering you both in and out of the hospital. Includes bonus "plus features" that give you more for your money!
1. Pays you up to $2,000.00 a month (more than $200.00 a week) in cash when you're at home—when you're sick or hurt and can't work.
2. Covers you both in and out of the hospital.
3. Covers serious medical care and disability reimbursement after the policy's grace period. There are no waiting periods.
4. Covers unforseen expenses not covered by any other insurance.
5. Covers you as a passenger on any kind of plane—when a plane crashes.
6. Covers you at any age. Pay in addition to Woolco's Comprehensive or Comprehensive Extra Liability.
7. Renewal agreement. No matter how much you may increase in benefits, you cannot be stopped out for nonpayment of the premiums. Your policy can be canceled only when all the premiums in your plan are canceled. Your premiums can be changed only when premiums for all policies of the same classification in your state are changed.
