Vote Bug Bites GOP

In a political first, a group of Volunteer Taxpayers has filed a lawsuit accusing the Republican National Committee of violating campaign finance laws. The suit claims that the committee improperly used tax-exempt status to avoid paying federal taxes on contributions made to its political action committee.

The Paper That Tells Both Sides

New York City - Fire erupted on the seventh floor of the YMCA headquarters in New York City, forcing the evacuation of several hundred people. The cause of the fire is under investigation.

In Oklahoma City, a man was arrested for the theft of a car. The victim said he was at a gas station when the car was taken.

Police In Crisis--5

Manpower Stretched Thin

By MIKE BROOKS

As police departments across the country struggle to keep up with increasing crime rates, Oklahoma City is no exception. The city's police force is stretched thin, with officers working long hours and facing a constant flow of emergencies.

Feasibility Study OK'd On Del City Golf Links

A new golf course may be on the way in Del City if the city council approves a feasibility study later this month. The council is expected to discuss the study at its regular meeting on Wednesday, March 2.

The proposed golf course would be located on land currently owned by the Oklahoma City Council. The council has already approved the purchase of the land, which is located in the northeast corner of the city.

Animal Owners Get Break

If you have a pet license, you may be eligible for a discount on your next renewal. The Oklahoma City Council recently approved a change in the pet licensing process that allows pet owners to renew their licenses online.

The change is expected to save the city money and make it easier for pet owners to renew their licenses. The new system will also make it easier for the city to track pet licenses and identify unlicensed animals.

47 Schwartz Voters Want De-Annexation

In a recent survey of 47 voters in the Schwartz neighborhood, 34 percent said they wanted the neighborhood to be de-annexed from Oklahoma City. The survey was conducted by the Oklahoma City Council.

The survey results indicate that many Schwartz residents are unhappy with city services and are seeking to become part of a different city. The council is expected to discuss the survey results at its next meeting.

Nicoma Park Eyes Charter

In an effort to improve city services, the Nicoma Park neighborhood has been considering the creation of a charter government. The charter would give the neighborhood more control over its own affairs and allow it to make changes more quickly.

The Nicoma Park Neighborhood Association is working with the Oklahoma City Council on the proposal. The council is expected to discuss the charter proposal at its next meeting.

Summer Recreation
Study at Moore

Mr. R. F. Schmitt, Jr., President of Oklahoma City, Inc., has announced a proposal for a new recreation center to be built in Moore. The center will include a swimming pool, gymnasium, and community center. The project is expected to cost $5 million and will be funded through a bond issue.

Mr. Schmitt said, "We believe that this new recreation center will be a valuable resource for the community and will help to promote a healthy lifestyle for our citizens." He went on to say that the center would be open to the public and would include programs for all ages.

Mr. Schmitt also emphasized the importance of recreation programs in the community. "Recreation is a critical component of our community's well-being," he said. "It helps to create a sense of community and helps to improve the quality of life for our citizens." He added that the center would be designed to be accessible to people with disabilities.

Mr. Schmitt thanked the City of Moore for their support and said that the center would be located on a 10-acre site in the heart of the city. He concluded by stating that the center would be completed within two years and would be an asset to the community for many years to come.

Mr. Schmitt's proposal is the latest in a series of initiatives by the City of Moore to promote a healthy lifestyle and improve the quality of life for its citizens. In recent years, the city has invested in new parks and recreation facilities and has made significant efforts to promote physical activity and wellness.

Mr. Schmitt's proposal is expected to be the centerpiece of the city's efforts to promote a healthy lifestyle and improve the quality of life for its citizens.

It's Time To Make A Strawberry Pie

Tired of the same old dessert recipes? Try something new! A delicious strawberry pie can be a delightful change. Start by preheating your oven to 350 degrees. Then, prepare your pie crust and place it in a pie dish. Next, arrange sliced strawberries in the bottom of the pie, covering the entire crust. In a bowl, mix together the filling ingredients: 1 1/2 cups sugar, 1/4 cup cornstarch, 1/2 tsp. salt, and 1 1/2 cups water. Stir well until combined. Pour the mixture over the strawberries in the pie crust. Bake for 30-40 minutes or until the pie is golden brown and the filling is bubbly. Once baked, let it cool completely before serving. Enjoy your homemade strawberry pie with some whipped cream or a dollop of vanilla ice cream! It's a perfect way to add a touch of sweetness to any meal.

GOSSIP COLUMN
by Bob Adams Sloan

It's a truism that if you were in the same room with a large crowd, you'd never hear what they were saying. At least, that's been my experience in public places like the OKC Symphony concerts. You're surrounded by people talking, but you can't hear what they're saying. That's why I always carry a tape recorder. It's the only way to get a clear picture of what's going on in the room. The only problem is, you have to be very discreet about it. You don't want anyone to think you're a spy. I've been warned by the other members of the orchestra that they might think I'm a pirate if I start recording their rehearsals.

EXHIBIT SHOWS QUALITY OF HIGH SCHOOL ART

The annual art show at the High School is in full swing. This year, the students have outdone themselves. The artwork is truly remarkable. There are paintings, sculptures, and even a few poems. The judges have been impressed with the creativity and skill of the students. It's a great event for anyone who loves art. I highly recommend attending.

NOW IS THE TIME! NEVER A BETTER OPPORTUNITY!

The Oklahoma Symphony Orchestra is gearing up for a fantastic season. They have some amazing concerts lined up, including a performance of Beethoven's 9th Symphony. It's a must-see event. Plus, there's a special children's concert that's sure to be a hit. You don't want to miss out on this opportunity. Get your tickets now before they sell out.

TRADITIONAL EASTER MENU ADDS HAPINESS TO HOLIDAY

For all the Christians in the OKC Symphony, be sure to enjoy this delicious Easter menu. It includes a variety of options, including lamb and ham. Plus, there's a special dessert platter that's sure to satisfy your sweet tooth. The menu is available for pickup at the symphony's website, so don't wait until the last minute.

SPECIALTY OF THE HOUSE

Out of all the restaurants in OKC, the OKC Symphony has the best specialty of the house. It's a dish that's sure to make you come back for more. It's a secret recipe, so I can't tell you exactly what it is, but you'll have to try it for yourself.

'Spring Chicken' Goes Polynesian

FRESH ORANGE and pineapple juice and pecans make this chicken dish special. The pineapple juice gives a tropical flavor and the pecans add a crunchy texture.

CHICKEN POLYNESIAN
3 whole chicken breasts, sliced
1 30-ounce can pineapple tidbits
1 12-ounce can orange juice
1 12-ounce can frozen orange juice
1 10-ounce can cream of celery soup, undiluted
3 sprigs parsley

In a large skillet, sauté the chicken in butter until browned. Add the pineapple tidbits, orange juice, and cream of celery soup. Simmer for 10 minutes, then add the parsley. Serve over rice.
