McGovern Grabs Lead In Delegates

By PAUL C. Constram

Democratic Party Vice President George McGovern today captured the lead in the race for presidential nomination. The South Carolina senator scored strong gains against front-runner Sen. Hubert H. Humphrey, Minn., in the Iowa caucuses, which were held Tuesday night by postal vote.

Humphrey, who leads McGovern in the standings of other states, reported a total of 40 delegates Monday night. McGovern reported 47.

The March 1 contest in Oklahoma, open to all voters regardless of party affiliation, promises to be an exciting one. The contest here will be one of the most important in the nation.

The winner in Oklahoma will gain an advantage in the delegate drive, which is expected to continue for several months. The Oklahoma delegation will also be crucial in deciding the fate of President Johnson's re-election campaign.

After Humphrey, McGovern and Sen. Barry Goldwater, Ariz., there are a number of other candidates, including Vice President Richard M. Nixon, Calif., and Sen. John F. Kennedy, Mass., who are expected to contest the nomination in the race for the nomination.

McGovern's victory in the Iowa caucuses was hailed as a major surprise by political observers. Humphrey was expected to win by a large margin, but McGovern's strong showing gave him a significant number of delegates.

Election officials in the state plan to release the final results of the caucus today. The results will be announced in a press conference at the Oklahoma Democratic headquarters.

Bond Tells OU Audience To Protest At Polls

To Larry Carter

Bobby Barnes, president of the Black Student Union at the University of Oklahoma, addressed the crowd gathered at the Student Union this week when he appeared on the OU campus to discuss the recent events in Cuba and the impact they have on the United States and global politics.

In his speech, Barnes emphasized the importance of understanding the historical context of the Cuban Revolution and how it relates to contemporary issues. He cited the example of the Cuban Missile Crisis of 1962, which brought the world to the brink of nuclear war.

Barnes also highlighted the significance of the recent death of Fidel Castro, the previous leader of Cuba, and the challenges facing the country as it transitions to a new era. He called for continued solidarity with Cuba and the Cuban people.

Wall, 2 Autos Fall Victim To 'Disaster'

By MARY BURKE

2 autos, one a pickup, crashed Friday night on the 1500 block of Okeechobee Road, killing one man and injuring another.

The victims were identified as Hiram E. Smith, 59, of Okeechobee, and Alfred W. C. Smith, 54, of Okeechobee. Both were pronounced dead at the scene.

The pickup, driven by a man who was not identified, was traveling north on Okeechobee Road when it crossed the road, struck a tree, and overturned. The driver of the pickup was thrown from the vehicle and died at the scene.

The other vehicle, a car, was driven by a woman who was also killed. The car was traveling south on Okeechobee Road when it collided with the pickup.

The crash was reported to the Okeechobee County Sheriff's Office by a witness who saw the accident. The accident is under investigation by the Florida Highway Patrol.

Bankers Post Reward

The Okeechobee Bankers Association is offering a $2,000 reward for information leading to the arrest and conviction of the person responsible for the assault.

The reward is being offered in cooperation with the Okeechobee Police Department and the Florida Highway Patrol.

The two banks involved are the Okeechobee Bank and the Okeechobee National Bank.

Showers Due Into Sunday

A cold front moved into the area late Saturday evening, bringing with it scattered showers and isolated thunderstorms. The front will likely continue through Sunday, with scattered showers and isolated thunderstorms expected.

The National Weather Service is predicting temperatures in the mid-70s with a high of 80 degrees.

Kissinger Meeting Related

WASHINGTON (AP) — In talks with Kissinger on Tuesday, White House officials described a tense meeting in which Kissinger urged the president to escalate the war in Vietnam.

The meeting, which lasted for hours, was described as "very tense" by one official. Kissinger reportedly told the president that the war in Vietnam was "doomed" and that the United States should consider a negotiated settlement.

Despite the tense atmosphere, the two men were able to agree on some key issues, including the need for a "clear and consistent" policy toward Vietnam.

Kissinger also told the president that the United States should consider a "limited" withdrawal of troops from Vietnam, but that this would need to be done in a way that would not "hasten the collapse of the regime in Saigon."
