Leniency Urged In Jail Sentence

Jury Finds Nude Dance Indecent To Tune Of $5,000

"I feel for the defendant," said Mr. Smith, a resident of the city. "She's a hard-working woman who's been through a lot."

She may be only four years old, but Gianna Bond, 40, was the star of the show at a recent costume party in Los Angeles. She donned a small pink dress and a tiara, and danced to the hit single "She Got It All." The crowd went wild as she twirled around the dance floor, her tiny feet tapping to the rhythm of the music.

Thankless Job Open

Speaker Dett offices were opened to the public. The Democratic faction of Congress isn't so forthcoming: we read that the seat is up for grabs at 9:00 a.m. and that it's open to the public. The president's office also appears to be open to the public, but we don't see any signs of the public taking advantage of this. But the public has the right to know how its money is being spent, and this is a right that should not be overlooked.

Two Nations Gambling

As a nation, we are divided into two parts. On one hand, we have the politicians who make decisions based on their own interests, and on the other hand, we have the public who are left to wonder about the decisions made on their behalf.
