TWA has been refurbishing more and more of its planes every week, and bringing them to more cities across the United States. HIGH QUALITY Sleep-Aire IS #1

Naptime, like the night, is rarer than ever. Now it's even more important to have a good bed to fall asleep in... to sleep in peace. Sleep-Aire is the bed that's right for you because it's right for everyone. "The bed that's made to order for you - and everyone else, too." Our beds are made with 100% natural latex which is the best shock absorber known to man. Latex is expensive, which is why many beds use only a small amount. Sleep-Aire uses the maximum latex allowable under Federal standards. This means the bed you buy is the bed you'll have for years... and years. You'll find the Sleep-Aire line at local dealers.
