WASHINGTON (UPI) — Sen. Thomas F. Eagleton withdraws as George McGovern’s vice presidential running mate Monday night as does his running mate, Democratic presidential candidate George McGovern’s decision to withdraw from the presidential race,

According to McGovern’s announcement, the Democratic vice-presidential nominee, Sen. Thomas F. Eagleton, will no longer be on the ticket.

McGovern made the announcement in a letter to President-elect Gerald Ford, saying he had decided to withdraw from the vice-presidential race. The Democratic Field commander for the election, McGovern said, will no longer be considered for the vice-presidential slot.

McGovern said he had decided to withdraw from the vice-presidential race because he had not been able to work effectively with President-elect Ford.

The announcement comes as the Democratic Party is preparing to hold its national convention in Chicago next week.

Eagleton had endorsed McGovern in his victory speech at the Democratic National Convention in August. But he said he had not been able to work effectively with Ford.

Finger Plan Teacher Shift Starts

IN MUSKOGEE
The biggest party of the term is not the one that will be held in the Muskogee City school district. It's the one that will be held in every classroom. The school district is making a thoroughgoing revamp of its teacher education system, making "Finger Plan" shift patterns.

The new system will have teachers teaching classes in grades one through four in the morning, while grades five through twelve will be taught in the afternoon. The change is expected to save the school district $2,300,000 annually.

Committee is Ready For Meet
