**McGovern Will Talk To Muskie**

Jennett's letter from Senator Muskie

**WASHINGTON —** Sen. George McGovern, who has been asked just about anything about the watergate investigation, said he had no comment on the Department of Justice report released today by Attorney General Edward M. Kennedy.

McGovern took time out from campaigning in Virginia to answer some questions on the report, which he said was a "complete waste of time and money." He said he had not read the report and had not been given a chance to read it.
