McGovern Fund-Raiser Sparks Lottery Probe

WASHINGTON - Attorney General Robert F. Kennedy said yesterday that the Internal Revenue Service is investigating whether a fund-raising venture in accord with the program to which the attorney general is the object of a number of complaints and inquiries raised by the McGovern-Kennedy Foundation, would be "taxable status.

Kennedy said he is not aware of any suggestions that the McGovern-Kennedy Foundation, the subject of several inquiries that any political campaign would be "taxable status.

The McGovern-Kennedy Foundation, which is based in New York, was established in 1969 by McGovern and Kennedy as a vehicle for raising money for McGovern's presidential campaign.

The foundation, which has raised more than $4 million since its inception, has been the subject of a number of complaints and inquiries, including a complaint filed by the Internal Revenue Service.

Kennedy said he is not aware of any suggestions that the foundation is being investigated by any government agency.

**Inmate**

Continued from Page 1

.. continued from previous page...

The inmates, who are all serving long sentences, have been living in a small, crowded cell for the past year. The cell was previously occupied by a fellow inmate who had been transferred to a different facility. The inmates have been able to maintain a close bond with each other, despite the cramped living conditions.

The group of inmates have been working together to raise money for a local charity. They have been able to collect $1,000 in donations, which they will use to purchase necessary medical supplies for a young boy in the area who is suffering from a serious illness.

The very news we so eagerly need to hear is news that we do not want to hear. It is the sort of news that makes us feel sick to the stomach. It is the news that we have been dreading for so long. It is the news that we know is coming, but we are not ready to hear.

One of the most recent and troubling developments in this area is the recent addition of a new church to our community. The church, which is located on the outskirts of town, has been causing quite a stir among the residents. Many people are concerned about the impact that this new church will have on our community. They are worried about the increased traffic, the increased noise, and the potential for crime.

In addition to these concerns, there is also the question of the church's impact on the local economy. Many people are concerned that the church will attract tourists and visitors, which may have a negative impact on the local businesses. There is also the question of the church's impact on the local environment. Many people are concerned that the church will have a negative impact on the local ecosystem.

As with any new development, there are always going to be concerns. It is important for us to address these concerns and work together to find solutions. It is important for us to listen to the concerns of the community and work together to find a way to make this new church a positive addition to our community.

The Manhattan Crafters clinic included two key Tiger victories. The Rangers beat the Tigers in the first game of the afternoon doubleheader, 1-0, and then the Rangers defeated the Tigers in the nightcap, 7-2. The Rangers' victory was their third in a row, and they turned in a dominating performance against the Tigers. The Rangers, who are currently in third place in the National League, are expected to continue their hot streak when they face the Cubs on Saturday.
