Busing Issue Held Over

Speaking of legislative last minute action, I miss the busing issue; even after all the changes in the aids, the issue still remains; the anger and the hope of being a part of the solution.

The Oklahoma City Board of Education is considering the problem of racial integration in the schools. The Board has not yet decided on the method to be used, but the issue of busing is definitely on the agenda.

The people of Oklahoma City are divided in their opinions of the issue. Some support integration, while others believe in separating students based on race.

It is important to remember that the issue of busing is a complex one, and there are many factors to consider in making a decision. It is crucial to approach the issue with an open mind and a willingness to listen to different perspectives.

Romanoff has denied any involvement in price fixing, but the evidence is strong.

The 11,000 fans who filled the Memorial Hall Thursday night for the final memorial service for Joe Garagiola, the former Cleveland Indians manager, were a varied crowd. Many were Indians fans who had attended games at League Park when Garagiola was manager. Others were friends who had known him from his playing days. Still others were mere fans who had heard about him from his broadcasts. The service was conducted by Father John F. O'Brien, the pastor of St. Mary's Church, which is across the street from League Park. He spoke about Garagiola's life and career with warmth and affection.

Sabres Tie, Share Lead

The Buffalo Sabres tied the St. Louis Blues, 3-3, in front of a crowd of 16,183 at the First Niagara Center, to secure a share of the year-end lead in the NHL's Eastern Division. The Sabres, who had lost their previous two games, scored three goals in the first period and held off a determined St. Louis attack in the third period to secure the point. The Sabres' star player, center Derek Roy, scored two goals and added an assist, while goalie Ryan Miller made 19 saves. The Blues' captain, center David Backes, scored two goals for the Blues, who had won their previous two games.

The Zenith Of A Dream

By WILLY GLASSMAN

The night of the game, the Buffalo Sabres were the team to beat. But after falling behind early, they fought back to tie the St. Louis Blues, 3-3, in front of a crowd of 16,183 at the First Niagara Center. The Sabres had lost their previous two games but came into the game with a chance to secure a share of the year-end lead in the NHL's Eastern Division. Center Derek Roy scored two goals and added an assist, while goalie Ryan Miller made 19 saves.

American Party Hopeful Calls Nixon 'Phony' Conservative

By OREY L. WADSWORTH
The Oklahoma Journal, Thursday, October 26, 1972

Nixon has been described as a 'phony conservative' by a candidate in the American Party, whose platform is centered on opposition to Big Government.

The candidate, identified only as 'Mr. Jones,' said that Nixon's support for conservative policies is only superficial. He alleged that Nixon's real agenda is to maintain the status quo, even if it means sacrificing the principles he espouses.

Mr. Jones also criticized Nixon's stance on civil rights, contending that the President's actions are motivated more by political expediency than by a genuine commitment to equal treatment.

High School, Park Connected
Path Built For Del City Strollers

Path has been constructed as a pedestrian and bicycle path from the old Del City High School to the park.

The purpose of the path is to provide a safe and pleasant walkway for residents of the Del City area. The path is made of concrete and is wide enough for both pedestrians and cyclists. It is paved with asphalt and is well-lit with streetlights. The path is accessible at several points along its length, including the old Del City High School and the park.

The path is intended to encourage people to walk or bike instead of driving, reducing traffic congestion and improving the overall health of the community. It is also expected to enhance the aesthetic appeal of the area, making it a more pleasant place to live.

The path was financed through a grant from the city's park and recreation department. The construction was overseen by a local contractor, and the project was completed on schedule.

Actual Needs Much Higher
School Issue Contains No 'Fat,' Sutton Says

By Ray Sutton

School officials have said that the proposed bond issue will not contain any 'fat.' However, Ray Sutton argues that the needs of the schools are much higher than what is proposed.

Sutton suggests that the bond issue should include funds for additional classrooms, new facilities, and updated technology. He also recommends that the issue be expanded to include funding for special education programs and programs for at-risk students.

Sutton's proposals are backed by a coalition of parents and community leaders who are concerned about the future of the schools.

City Attorney Puts Damper On Plans For Deannexation

City Attorney Bill Jones has issued an opinion that deannexation of certain areas of the city would be unconstitutional. Jones's ruling means that the city cannot pursue deannexation at this time.

The deannexation proposal was made by a group of residents who wanted to break away from the city's jurisdiction and form their own municipal government. The proposal was met with opposition from the city council and the general public.

The parade is scheduled for October 15th and will begin at 2:00 PM. The parade route will take the floats and musicians through the downtown area, ending at the city hall.

The homecoming parade is an annual event that brings the community together and celebrates the spirit of school pride.

GOSSIP COLUMN
by Robin Adams Sloan

Field Work in the Office
I’d always been of the opinion that one should never be too busy to take time for a leisurely stroll through the woods or other scenic places. One day, I happened to see a man standing on a box overlooking the woods. When I asked him what he was doing, he explained that he was watching a small bird that was sitting on a branch above him. He had been there for a while, and the bird was still there, so he decided to take a break and enjoy the scenery.
