OU Renews Attack On Record Book With 52-0 Romp

By LARRY CANNON
SCHORY - Oklahoma Sooners got a bounce-back win last night, by stealing their 10th straight conference victory and the 19th win of the season.

The Sooners, with 10 straight victories, are the only team in the nation to have won 10 straight conference games.

In the store for the Sooners was a tough challenge from Oklahoma State University, which was ranked seventh in the nation.

On offense, the Sooners produced 520 yards of total offense, with 258 yards rushing and 262 yards passing.

Race 'Too Close To Call' By BARRY CULVER

President Harvard Board of Directors today appointed the Harvard University football team as the winner of the 1975 Harvard-Brown Football Game. In the last Harvard-Brown game, Harvard defeated Brown, 14-7.

The Harvard-Brown teams have played each other every year since 1868, and the Harvard-Brown game is considered one of the greatest rivalries in college football.

Harvard-Brown is a tradition that dates back to the early 1800s, when Harvard and Brown were the only two colleges in the United States.

Fledgling School Of Nursing Scuttled

By RICHARD M. ROGERS

The Phlebotomy School of Nursing, which opened in the autumn of 1974, has been closed by the administration of the University of West Georgia College of Education.

The school was created to fill the need for phlebotomists, who are in high demand in the medical field.

The decision to close the school was made after a thorough review of the program by the University of West Georgia College of Education.

Events Affect Body

Emotion Creates Ailments

By MARCIE NORMAN

A study published in the journal "Nature" has found that emotional responses can have a significant impact on the body.

The study, conducted at the University of California, Los Angeles, found that emotional stress can lead to changes in the body's immune system, which can have a direct impact on health.

Nixon Keeps Lead In Polls

President Richard Nixon retains his lead in the polls for the 1972 presidential election. The latest surveys show that Nixon continues to enjoy a comfortable lead over his opponents, despite some recent challenges from Democratic candidates. The campaign is expected to be closely contested, with a focus on domestic issues such as the economy, foreign policy, and the tragic events surrounding the Watergate scandal.

SBA Okays Loan Firm

The Small Business Administration (SBA) has approved a loan for a new firm, allowing it to expand its operations and create jobs. The SBA provides financial assistance to small businesses, helping them overcome obstacles and grow. This approval is a testament to the hard work and dedication of the company’s founders, who have been recognized for their entrepreneurial spirit and commitment to their community.

Pet Overpopulation

Animal shelters across the country are facing a crisis as the number of pets in need of homes continues to rise. Pet overpopulation is a growing problem that requires community-wide solutions, including increased adoptions, better spaying and neutering programs, and responsible pet ownership. Shelters need public support to provide the necessary resources to care for these animals.

Ask Dr. Lamb...

Can Hormones Speed Development?

Dr. Lamb, what do you wish you could do to slow down the process of maturing.

DR. LAMB: It is still too early to say. The process of maturing is still under intense study, but there is evidence that certain hormones, such as estrogen and progesterone, may play a role in accelerating this process. It is recommended to consult a healthcare provider for guidance on how to manage maturation.

as I was saying...  

by STEVE SHVACK

I recall those times, when I was living in Oklahoma City. And I remember seeing the Oklahoma City Air Force Base—now called Tinker Air Force Base. We nicknamed it "Tinker" because that's what everyone said it was. It was a great place to hang out, and we used to have a lot of fun there. I remember one time we were in the parking lot, and there was this big man standing there. He was talking to some kids, and they were laughing really hard. It was a good time.

Their First Time in Oklahoma City — You've never heard the likes of what they can do with music — You'll Love 'Em!

Nashville Sax
The "Vibraphone" sax, brought to the audience for the first time Saturday night at the Lyric Theater, is one of the most talked about new instruments in the music world. It's a member of the percussion family and is played with sticks, but instead of one or two sticks, the vibraphone has a set of metal bars which are struck with the sticks. The result is a rich, mellow sound that is sure to please music lovers of all ages.

Gossamer voice patient. "No, I'm not saying it was a hard one, but it was a long process. I worked on it for months, and finally it came together."

At least that's what the people at the Oklahoma City Symphony Orchestra would have us believe when they announce the Grieg concert on October 26. And they're not the only ones. The Oklahoma City Civic Center is also planning a Grieg concert on the same night. The Civic Center concert will feature the Oklahoma City Symphony Orchestra, with conductor Karl Skovgaard. The Grieg concert will be held at the Civic Center Music Hall, with the Oklahoma City Symphony Orchestra as the featured ensemble.

Myriad Becomes Reality
10 Years After First Bonds

After 18 years and 10 months the Myriad Gardens took root, the reality of the first bonds raised in 1966 to create the magnificent park is now a reality.

The Myriad Gardens, the result of a $70 million project to create a 100-acre park, is a beautiful park for urban visitors. The park features a variety of attractions, including a large fountain, a reflecting pool, and a beautiful garden. The park is also home to a number of restaurants and shops, making it a popular destination for visitors.

The park is open to the public every day, and admission is free. Visitors can enjoy the beautiful scenery and relax in the peaceful atmosphere. The Myriad Gardens is a testament to the power of community and perseverance, and a symbol of what can be achieved when people work together towards a common goal.

The play is directed by the renowned theater director, with a cast featuring some of the finest actors in the country. The production is set to take place at the Theatre Center's main stage in the heart of the city. The show is expected to be a hit with audiences of all ages and will run for a limited time only.

BBC Tests TV 'News'

London (New York Times) - The BBC will test its new color television system on October 28th. The test will be conducted in the London area, with the goal of assessing the feasibility of color television for broadcast purposes.

The test will use the BBC's newly developed color television system, which incorporates a new transmission method that allows for higher quality images. The system is based on a new color encoding scheme that uses color subcarrier signals to convey information about the color of objects in the scene. The test will involve transmitting video and audio signals over the BBC's existing transmission network, using the new system.

The test will be conducted in two phases. The first phase will involve transmitting the colored television signal over a test link, with the goal of assessing the quality of the signal and the feasibility of the new system. The second phase will involve transmitting the colored television signal over the BBC's full transmission network, with the goal of assessing the practicality of the new system for broadcast purposes.

The test will be conducted under controlled conditions, with the goal of gathering as much information as possible about the feasibility of the new system. The results will be used to inform the future development of the new system and to guide the BBC's decision on whether to proceed with the development of color television for broadcast purposes.

'Pippin' Turns Broadway Brighter

BY ALAN WALLACE

NEW YORK — The Broadway musical 'Pippin' has become an instant hit, not only with its critics but with audiences as well. Just when it was beginning to show signs of slowing down, it took a leap forward in its performances.

This was achieved by the insertion of a new song, 'The Wizard's Song,' which has received critical acclaim. Audience reaction has been enthusiastic, and theatergoers have been eating up the show.

The new number is a show stopper, and it has added a new dimension to the show. The song features the character of 'The Wizard' who is played by a well-known actor. His performance is a highlight of the show, and he delivers it with a powerful voice and a convincing portrayal.

The show is directed by Bob Fosse, who is known for his highly stylized and theatrical approach to musicals. Fosse's vision for 'Pippin' is evident in every aspect of the production, from the choreography to the set design.

The cast is also exceptional, with standout performances by the leads and supporting actors. The music, written by Stephen Schwartz, is memorable and adds to the overall charm of the show.

Overall, 'Pippin' has proven to be a winner on Broadway, and it is a testament to the power of great talent and creative vision behind it.

Jack Lord: "I’ve Seen It All, I’ve Done It All"

I have only one so-called 'first' in my attempt at writing this column. It was about a week ago that I was on the set of a television show and I was asked by the producer if I would like to do a scene with a young child. I told him yes, and we went over to the set and I met the child. He was about three years old and he was very cute. I asked him what his name was and he said "Hi, I'm Jack." I asked him what he wanted to be when he grew up and he said "I want to be a police officer like you." I told him that was a great idea and we began filming the scene. It was a lot of fun and I enjoyed working with him. I think he's going to make a great police officer someday."

LORD: I have been married for 25 years and have three children. My wife, Mary, has been a constant support throughout my career. As an actor, I have had my share of ups and downs, but she has always been there for me. I have always appreciated her love and support."

LORD: I believe in telling stories. I think that's how we learn. Stories are powerful tools. They can teach us about history, culture, and human nature. Stories are what make us human."

LORD: I love Hawaii. It's a special place for me. It's where I was born and raised. I've been back there many times and it always feels like home. I love the beaches, the mountains, the people. It's a beautiful place."

Eat your Fill of Tasty Foods — yet lose 10 pounds in 10 days with Newest Grapefruit Diet

What a crazy way to diet... but it works!

In Europe, Malaysia, and Asia, the grapefruit is a popular fruit known for its sweet and tangy flavor. It contains high levels of vitamin C and is a good source of fiber. The grapefruit diet, as described in the article, suggests eating grapefruits as a part of a healthy diet to lose weight.

Doctors Warn Against Strict Dieting

The United States Department of Health warns against the dangers of strict dieting. The diet described in the article is not recommended for people with certain health conditions, including pregnancy, diabetes, and kidney disease. It is also not recommended for people who are looking to lose weight quickly or for people who have a history of disordered eating.

Keep It Off — All Year!

The grapefruit diet is not a quick fix, but rather a long-term solution for weight management. It is important to make healthy lifestyle changes and maintain a balanced diet to maintain weight loss.

Reduce or Pay Nothing

The diet described in the article is not a safe or effective weight loss method. It is important to consult with a healthcare professional before starting any new diet or weight loss program.

PLUS: For only $1 you get the first full month of protection for your entire family!

This plan pays so much and the $1 offer is so good, you probably have some questions — or even some doubts. We’ve put all the answers (including the minor limitations) down right here ... in black and white ... for Family Weekly readers so you won’t miss the Enrollment Deadline for the Cash/Plus Plan. Comparison shows Cash/Plus helps answer today’s alarming jump in hospital charges, now up to $81.66 a day national average with still worse to come.

Ordinary hospitalization insurance alone is just not enough now when your family is hit with a hospital stay. You need to supplement it with a hospital income plan that pays enough extra cash — cash that’s paid in addition to any other money and insurance or Medicare benefits you may have. Otherwise, you could end up draining your life savings, children’s college fund, etc. Low-cost Cash/Plus helps answer this need. It pays more because it covers more. Helps out for both sickness and accident, and for the burdensome costs of intensive Care and convalescent facilities.

Your family is safer and so are your hard-earned savings. And now it’s easy to get Cash/Plus! Just fill out the Enrollment Form (right in this booklet) and mail it with only $1 by October 31, 1972. Better yet, do it today!
Now — for only $1 — regardless of your age, your occupation or size of your family you get your first month’s protection

But you must reply before midnight October 31st.

During this Limited Enrollment Period you the readers of Family Weekly can enroll yourself and all eligible members of your family simply by filling in and mailing the Enrollment Form on the back cover of this booklet with only $1. It’s that easy! But you must mail your Enrollment Form before midnight October 31st. Your protection begins just as soon as we receive your form and issue your policy.

You gain nothing by waiting — act now — please mail your Enrollment Form today.

Your Guarantee of Renewability

Once issued to your family, your Cash/Plus Plan can never be cancelled by the company because of your age, health, or the number of claims you make. Your policy is guaranteed renewable for your lifetime and thereafter for the lifetime of your wife (if she is insured at the time of your death) at premium rates in effect on renewal dates. Certain benefits change at age 65 or when eligible for Medicare.

And the rest of your life you can be sure of getting tax-free extra cash paid directly to you — not to the doctor or hospital unless you tell us to — while you (or any insured family member) are confined in the hospital for covered sickness or injury — paid from the very first day for up to 25 months for each and every benefit period.

No premium increase with age

Your low renewal premium rate does not increase as you pass from one age bracket to another because Cash/Plus is a level premium plan. You always pay the renewal rate for the age at which you entered the plan.

PLUS the Waiver of Premium benefit helps keep your coverage in force. You do not have to pay any premiums that fall due after the policyholder has been hospitalized for more than 60 days for as long as benefits for that hospitalization continue.

Here’s how to get your Cash/Plus Policy

All you need to do is fill in and mail the short Enrollment Form with $1 before midnight, October 31st. It’s that simple!

With hospital costs reaching nearly $100 a day across the country, no matter how much ordinary health insurance you have, it probably won’t cover all your medical and...
