Metro Cage Nod Goes To Guthrie

By JOHN MURPHY

When Oklahoma wants something, it gets it. And when the Sooners want to show their appreciation, they don't hold back. That's why the Metro Cage Nod has been awarded to Guthrie. The award is given to the highest-scoring player in the Metro Cage Tournament, and Guthrie has taken the top spot this year.

**OSU Fire Technology Graduates In Demand Across U.S.**

*By the editors of Fire Technology*

Fire technology graduates are in high demand across the United States, as the field of fire protection continues to expand and evolve. With the increasing importance of safety and security in today's world, professionals with specialized training in fire technology are sought after by a variety of industries.

In OSU's Fire Technology program, students receive comprehensive education in fire protection systems, fire dynamics, and fire suppression technologies. The curriculum is designed to prepare students for careers in fire prevention, fire protection engineering, and related fields.

After graduation, OSU fire technology graduates have found employment with fire protection consulting firms, insurance companies, government agencies, and various industries that require a deep understanding of fire safety. Many graduates have also pursued advanced degrees in engineering, law, and business, further enhancing their career prospects.

The demand for qualified fire technology professionals is expected to continue growing as new technologies and methodologies are developed. OSU's fire technology program remains a top choice for students seeking a rewarding career in this critical field.

Voice Of Cowboy Band Serious About Job

The Right is in the重组 of the Oklahoma City Pioneers. They are a band that plays mainly country and western music. The band consists of four members: three vocalists and one guitarist. The members are all from Oklahoma City, and they have been together for about a year. They have played at various local events and have also performed at some weddings. The band is serious about their job and they are dedicated to providing quality entertainment for their audience. They are looking forward to the future and hope to continue to grow in popularity. They are currently working on a new album and are planning to release it in the near future. They are available for bookings and are always looking for new opportunities to perform. They can be reached at their website: www.oklahomacitypioneers.com or by email at info@oklahomacitypioneers.com. They are always happy to hear from their fans and are grateful for their support.

Buying Guidelines... ‘Safety’ Important When Selecting Toys

By PATRICIA MACDONALD

NEW YORK CITY—Children are inquisitive, eager to explore, and sometimes they get into things they shouldn’t. For many parents, this means putting a lot of effort into making sure their toys are safe. Here are some guidelines to help you choose the right toys for your child.

1. Check for small parts: Make sure the toy doesn’t have small pieces that could be a choking hazard. Avoid toys with buttons or other small parts that can be peeled off or popped out.

2. Look for sharp edges: Toys with sharp edges can cut skin. Choose toys that are rounded or have soft edges.

3. Avoid toys that are too big: If a child can’t hold the toy and use it safely, it might pose a choking risk. Choose toys that are just the right size for the child’s hands.

4. Check for strong materials: Toys made of strong materials are less likely to break and pose a danger. Avoid toys made of soft materials like plastic that might shatter.

5. Avoid toys that can be swallowed: Toys with small parts that can be swallowed are dangerous. Choose toys that are designed specifically for holding.

6. Check for batteries: Toys with batteries can be dangerous if the batteries are not properly secured. Choose toys that do not require batteries.

In A Constructive Way... Toys Cater To Child’s Imagination

NEW YORK—Toys are designed to cater to children’s imaginations. From dolls to building blocks, each toy helps to stimulate a child’s creativity and imagination. Choose toys that encourage a child’s imagination and allow them to explore their world.

1. Dolls: Dolls allow children to play house and explore roles and responsibilities. Choose dolls that are age-appropriate and encourage imaginative play.

2. Building blocks: Building blocks allow children to create their own structures and develop their creativity. Choose blocks that are durable and easy to use.

3. Puzzles: Puzzles help children develop their problem-solving skills and improve their hand-eye coordination. Choose puzzles that are age-appropriate and encourage imaginative play.

4. Books: Books allow children to explore new worlds and ideas. Choose books that are age-appropriate and encourage imaginative play.

Buying Guidelines...

'Safety' Important When Selecting Toys

Talented Toys

"Toys, children's toys, are a necessary part of play. They're needed, they're enjoyed, they're a part of life. But, as with anything, they can be dangerous if not used properly.

So what must parents do? Above all, be aware of what your child is doing. Then, be sure that the toys you buy are safe. At the same time, develop your child's ability to handle the toys. This will ensure that he or she will use them properly.

The above photo shows children playing with a toy. The toy is a ball. The children are playing with the ball in a safe manner. They are aware of the ball, and they are using it properly. This is an example of what the above advice means. It shows how parents can be sure that their children are using toys safely.

Santa's helpful hints for happiness

A. SWANK

Leather goods—choose from the regal billfold, inlay billfold, secretary, and the key guard. All crafted with fine workmanship and sturdy leathers. These items will last him years of wear and satisfaction. Also choose from a wide assortment of SWANK gifts: electric reeds, travel safety, 3-way brushes, etc. Priced from $5.

B. 'TOTES'

The all-weather umbrella. Opens big instantly, folds small to carry in glove compartment, pocket or attach a case. No 'leak' in handle or 'mustache' of excess clay at top—straight handle, preferred by men. Lifetime guarantee. $14.95.

C. KANON from Scandinavia

KANON was created because it's tough for a man to look healthy. This year, when you wish a man a "happy and healthy"—give him a gift of KANON to make him look that way. Choose from cologne, aerosol deodorant, shave foam and after-shave, and man's body soap. Priced from $3.

D. BRENTWOOD

Velour p-j's to remind him that you really care. These knee-length sleep-shirts are carefully made and designed to give him a handsome fit. Easy access and perfect comfort. Choose from piped or button front. Priced from $20.

Free gift wrapping for all Parks purchases.

All Parks suburban stores will be open 10 a.m. to 9 p.m. Monday through Saturday and 1 p.m. to 6 p.m. on Sundays.

Archie Opens New Doors For Humor

By ROBERT J. DUNN

THAMES Delores, dralin "Archie,"
the young man at Jefferson High School,
has been named "Archie,"
the student body president of the Senior Class.

"Archie," who is known for his
humor and wit, was elected with
an overwhelming majority of votes.

"I want to use my position
in the school to make
humor a bigger part of
the school's culture," said
"Archie," in an interview.

"I think it's essential
that everyone in school

not just the students,
but also the faculty and staff."
Film Captures Billy Holiday's Spirit

Facts Sacrificed For Ticket Punch

LEONARD FEATHER

Billy Holiday, who once was known as "the lady with the haunting voice," has a new appeal. His rough-hewn voice is ideal for the gritty story of his career. The lady who sold soul, has been caught in a blaze of memory, as the performers have flashed the highlights of his life in music. The story is told by Billy Holiday himself, as he reflects on the highs and lows of his career. The audience is taken on a journey through the ups and downs of his life, from the early days of his career to the later years when he was a star. The film includes interviews with friends and family, as they recall the story of Billy Holiday. The film is a reminder of the power of music and the impact it can have on our lives.

Tragic Figure

Gloria Faye, former head singer of The Supremes, has a new role in the film. She plays the tragic figure in the life of Billy Holiday. Gloria Faye was known for her powerful voice and was a member of The Supremes, one of the most successful girl groups of the 1960s. She was also a close friend of Billy Holiday, and her role in the film is a fitting tribute to her career. Rumors Fly Around Sure Blockbuster

HOLLYWOOD - It isn't easy to get a new movie started when the plot is as complex as "The Great Gatsby." But the producers of "The Great Gatsby" have managed to keep the rumors flying. The film has been in production for months, but few details have been released. The story follows the lives of Jay Gatsby, a wealthy businessman, and his pursuit of the elusive Daisy Buchanan. The cast includes Leonardo DiCaprio as Gatsby, Carey Mulligan as Daisy, and Tobey Maguire as Nick Carraway. The film is directed by Baz Luhrmann, who also directed the 2013 film "The Great Gatsby." The film is set to be released in May 2023.

Anyone Can Rent Their Favorite Film

By NED R. SCOTT

LAWLESS COORDINATOR

If you've ever wanted to see a film that you missed and if it was never issued on video, you don't have to jump through hoops to see it.

The man responsible for making these films available is N. R. Scott, 59, of the Lawless Coordinated Film Corporation, Westwood, Calif., in charge of its Film Library, which is located at 5959 Wilshire Boulevard, Suite 300, Los Angeles, Calif.

Before the advent of the Lawless Coordinated Film Library, the only way to see a film that was not released in theaters was to rent a copy from a distributor or to purchase it from a film rental company.

Scott's library contains over 10,000 films, ranging from silent to recent releases, and includes some of the most sought-after films in Hollywood history.

FANS ROUGH ON McCUTCHEON

HOLLYWOOD (AP) — The adage "The more you scratch, the harder you're hit" is a good one for actor Brian McCulcheon, who turns 32 today.

McCulcheon gained notoriety for his role as a boom operator in the recent film "The TERMINATOR" and has been frequently roughed up by fans who are eager to get a glimpse of the actor on the set.

McCulcheon's latest film, "THE TERMINATOR," is currently in production and is set to release next summer. He has also been working on several television projects, including a role on the upcoming series "THE MENTAL FARM," which is set to premiere later this year.

McCulcheon's birthday bash was attended by many of his friends and co-stars from the film, and it was a big celebration for the actor who has been known to rough up fans in the past.

Hugh Scott Holds Rare Chinese Art

By Sarah Evans

Walter Scott is an art lover and collector. He has a private collection housed in his home, and he is also a well-known collector of Chinese art in the Portland area. Scott recently shared his collection with the public at a special exhibition held at the Portland Art Museum.

The exhibition featured a wide range of Chinese art, including paintings, sculptures, and calligraphy. The pieces were selected from Scott's personal collection and were on display for the first time in Portland.

Scott explained that he was drawn to Chinese art because of its unique beauty and cultural significance. He has been collecting Chinese art for many years, and he is particularly interested in pieces that represent important historical events or cultural figures.

The exhibition was a big hit with art lovers and collectors alike. Many people came from all over the region to see the unique collection on display. Scott was pleased with the response and hopes to hold similar exhibitions in the future.

Overall, the exhibition was a great success, and it showcased the incredible beauty and diversity of Chinese art. Scott's collection is a testament to his deep appreciation for this art form, and it is sure to inspire others to explore and appreciate Chinese art for themselves.
Black Movies Face Crossroads

By DICKR 11 WEST

After years of neglect, the black film industry is now experiencing a resurgence thanks to the growing interest in diverse storytelling and the increased availability of streaming platforms. This resurgence is significant because it offers a counterpoint to the dominant narratives that have historically dominated the film industry. Yet, despite the promising developments, the industry still faces numerous challenges and obstacles to widespread acceptance.

The film industry has long been a white-dominated space, with the majority of films being produced by and for white audiences. This has led to a lack of representation for black characters and stories. However, recent years have seen a number of black-focused films that have garnered critical acclaim and commercial success, such as "Get Out" (2017) and "Black Panther" (2018).

These films have helped to shift the discourse around black cinema, making it a more significant part of the larger film industry. However, the industry is still far from equitable, with black filmmakers still facing systemic barriers to entry and recognition.

For instance, according to the Academy of Motion Picture Arts and Sciences, less than 10% of its members are black, despite the fact that a significant portion of the film industry's audience is black. This discrepancy suggests a lack of diversity in the decision-making processes that govern the industry.

The black film industry also faces the challenge of navigating the complex relationship between cultural authenticity and commercial viability. While authenticity is crucial for creating meaningful and resonant narratives, it can also be a hindrance to reaching a wider audience. This is particularly true in the context of black cinema, where cultural authenticity often means depicting black life in ways that are true to reality but may not be appealing to mainstream audiences.

Moreover, the black film industry is also grappling with the impact of streaming platforms like Netflix and Amazon Prime, which have disrupted traditional distribution models. While these platforms offer new opportunities for black filmmakers, they also pose challenges in terms of revenue and visibility.

Despite these challenges, the black film industry continues to evolve and thrive. As long as there is a commitment to diversity and inclusion, and as long as there is a willingness to experiment and innovate, the industry has the potential to become a more equitable and dynamic space for all.

Will Exploitation Give Up To Subtance?

By Ed Morgan

Exploitation cinema is a genre that has been around for over 50 years, with its heyday in the late 1960s and early 1970s. While it has enjoyed a resurgence in recent years, with films like "Species" (1995) and "The Exorcist" (1973), it remains a niche market with a limited audience.

The term "exploitation cinema" refers to films that are designed to exploit public curiosity or fears, often by presenting lurid or provocative content. These films are typically cheaply made and have little production value, but they are often marketed aggressively to attract audiences.

Despite its low quality, exploitation cinema has a devoted following among fans who are drawn to its lurid content and its willingness to push the boundaries of what is acceptable in film. This has led to a number of influential exploitation films, such as "The Devil Rides Out" (1968) and "Dawn of the Dead" (1978), which have gone on to become cult classics.

However, the exploitation genre has also been criticized for perpetuating stereotypes and reinforcing harmful narratives. Many of the films are also guilty of exploiting the power dynamics that exist in society, with women and minorities often being depicted in stereotypical and objectifying ways.

As the black film industry continues to evolve, it will be important to consider the role of exploitation cinema in the larger context of film history. While it may have a place in the world of entertainment, exploitation cinema should not be divorced from its historical and social context, and it should be approached with a critical eye.

It is clear that the black film industry faces a number of challenges and obstacles, but it also has the potential to be a transformative and powerful force for change. By embracing diversity and inclusion, and by creating narratives that are authentic and resonant, the industry can continue to evolve and thrive in the years to come.

Luckinbill Digs Style

The trend of buying a little elegance back in town, and Leonard Luckinbill, "That's no City Gentleman but he's a man!

We see his dressing room and we're in the corner. "Here's his store in the next town. He does through a lot of the big jobs, and exactly as the man should. You can get a stylish suit that suits him.

If you see Larry Luckinbill, you're going to know where old ABC's one series called "The Man," make style of his store. You can't use their line in all other stores, and you'll find a lot of people in your neighborhood who think that.

But I think it's the Scotch.

We see him and Glen

Can't decide, the dress of the charmer he always is, and does a lot of the jobs here.

Early Film Tops 'Godfather'

By JEREMY BERNSTEIN

HOLLYWOOD — The Italian-American importance of "The Godfather," the Francis Ford Coppola-directed film that won four Academy Awards, is attended by an emphasis on the actor who played the part of the Godfather in the film. Marlon Brando, who died in 2004, is a prominent figure in the film's success.

The role of the Godfather in the film is played by Marlon Brando, who was nominated for an Academy Award for Best Actor for his performance in the film. Brando was married to Italian actress Maria Callas and had two children, Maia and Christian Brando.

Brando's portrayal of the Godfather has been praised for its depth and complexity, and he was the first actor to receive an Academy Award for Best Actor for a role in a film that was not a musical or comedy. Brando's performance has been described as "a tour de force" and "a landmark achievement in film history.

The character of the Godfather is portrayed as a powerful and influential figure, and the film's success has been attributed to Brando's performance. The film was released in 1972 and has since become a cultural phenomenon, with Brando's performance as the Godfather remaining iconic to this day. The film has also been praised for its storytelling, cinematography, and music, and has been critically acclaimed for its depiction of the Italian-American criminal underworld.

Desi Ready For Marriage

HOLLYWOOD — Desi Arnaz Jr., 44, is getting married to a girl named Lucille Ball, 46. The couple plans to tie the knot in a secret ceremony this week. The marriage will be legally recognized by the state of California, where the couple will live for the next three years.

It is not clear who Desi and Lucille will be marrying. Desi has been married previously to Lucille, and the couple has two children together. Lucille has been married previously to Desi.

New Girl In Town

The American Film Institute has announced that actress Joanne Woodward will be joining the cast of the upcoming film "The Departed," playing the role of the wife of amafia boss. Woodward, who was nominated for an Academy Award for her performance in the film "The Misfits," will reportedly be in the film for three months.

Woodward's character will be a strong and independent woman who is deeply involved in her husband's criminal activities. The actress has previously starred in films such as "The Sound of Music," "The Graduate," and "The Searchers," and has received critical acclaim for her performances.
