Party Splits With Wallace

ST. AUGUSTINE — With the on-going Democratic convention in Chicago at the height of its organization, followers of Gov. Alfred M. Wallace of Alabama are making plans to set up a new political party with Governor Wallace as a leading contender. Wallace, who has been in Chicago since last week, attended a meeting of the state committee which he organized in Alabama and was present when the committee decided to set up a new state party in Alabama.

Governor Wallace, who has been at the center of attention at the convention, is considered by many to be the most likely candidate for the nomination of the new party. Wallace has been a consistent voice for the rights of blacks and has advocated the integration of schools and the police force.

Contraceptive Aids Urged For Minors

The Ranger Board of Health Tuesday urged the state legislature to pass legislation making it illegal for local communities to prohibit the use of contraceptives for minors. The board, in a statement released Tuesday, said that the legislation is necessary to protect the health and welfare of minors.

The board pointed out that minors often use contraceptives to avoid unwanted pregnancies and that the use of contraceptives is a matter of personal freedom.

Demo Governors Support Strauss

The Demo governors are likely to support Governor Strauss of Wisconsin in his re-election bid. Governor Strauss has been a consistent advocate of states' rights and has opposed federal interference in state affairs.

Critical Fuels Crisis Seen

By Thomas I. Stoddard

The Oklahoma City Star (First off the Press)
The fuel crisis may be one of the most serious problems affecting the nation's economy. As prices of fuel rise, the situation becomes more acute. The cost of fuel is said to be a major factor in the high cost of living. The situation is critical and requires immediate attention. The government has taken several measures to address the crisis, including the imposition of fuel taxes and the development of alternative energy sources. However, these measures have had limited success. The situation is expected to worsen as the winter season approaches.

Energy Crisis: Second of 10 Parts

Energy Crisis

By Robert J. Smith

The energy crisis continues to escalate as the nation struggles to meet its energy needs. The crisis has led to higher prices and shortages of fuel. The government has taken several measures to address the crisis, including the imposition of fuel taxes and the development of alternative energy sources. However, these measures have had limited success. The situation is expected to worsen as the winter season approaches.

Tareyton is better. Charcoal is why.

Tareyton's activated charcoal delivers a better taste. A case no plain filter can match.

Commercial groups have trade "tricks" that might hide the truth. They secretely use a variety of filters, charcoal or adsorbers. But they can't hide the fact that Tareyton is the only brand that filters the taste of the tobacco. Tareyton is the only brand that filters the taste of the tobacco.
