Soviet Union's plan for a new Apollo launch has been delayed by a cold front that is expected to bring snow to the area. The launch was scheduled for today, but now it has been postponed until at least Monday. The delay is due to the threat of freezing rain and snow that could affect the safety of the astronauts. The weather forecast predicts temperatures below freezing with a possibility of snow showers. The launch site has been closed to the public until further notice.

American Airlines Inc. said today that the American Airways strike has ended. The airline announced that it has reached a settlement with the union representing the pilots, ending a strike that began on September 1. The company said that it expects to have the pilots back on the job by the end of the week.

Police Cars Join Pileup

Police cars were involved in a pileup today in downtown Oklahoma City. The accident occurred at the intersection of Main and Grand Avenues, blocking traffic in both directions. There were no reports of injuries, but the accident caused a delay in the rush hour.

City Streets Too Slip for Police

Weather conditions in Oklahoma City are making it difficult for police officers to navigate the streets. The roads are slick and slippery due to the recent drizzle and the cold front that has moved through the area. Police cars are seen having trouble driving on the streets, with some skidding and losing control.

Bellmon Calls Soviet Wheat Deal Mistake

Senator C. W. Bellmon, a member of the Senate Foreign Relations Committee, has called the Soviet Union's offer to sell wheat to the United States a "mistake." Bellmon said that the deal would benefit the Soviet Union more than the United States and that it is a mistake for the United States to accept such a deal.

Bench Faces Surgery

A bench at the local park has been scheduled for surgery to repair a break in the seat. The bench will be removed for repair and the park will be closed to visitors during the repair period. The park authorities have asked for the community's patience during this time.

Blessed with high blood pressure and a history of heart trouble, the couple developed a knack for finding cures for their ailments. They started with water from a natural spring, then added herbs and minerals, and eventually developed a potent formula that they believed could cure everything from the common cold to cancer. The couple was so convinced of the efficacy of their remedy that they began to distribute it widely, charging a high price for their 'cures.' But as more people tried the product, it became clear that it was no more effective than placebos. The couple was eventually exposed and convicted of fraud.

Poke Matmen Favored Over OU

By AL ESCHBACH
Tulsa's Eddie's, Texas Tech's Larry Adams and Oklahoma's running game may not be the usual starting lineup, but it will be there this weekend.

For the Oklahoma Sooners, it's the start of a new season and the opportunity to prove that they are a force to be reckoned with in the Big Eight.

In the early part of the season, the Sooners have struggled to find a consistent running game. The loss of All-American running back Eric Weems has been a significant blow, but the Sooners have been able to rely on the strong performance of their quarterbacks.

The Sooners will face a tough challenge in the form of the Texas Tech Red Raiders. The Red Raiders have been one of the top teams in the Big Eight for several years, and they are expected to put up a strong fight.

Despite the challenges, the Sooners are confident that they can come out on top. They have a strong defense and a talented quarterback in J.J. Batten, who has been impressing everyone with his accuracy and quickness.

The game will be a test of Oklahoma's ability to adapt to a new situation and prove that they are a team to be reckoned with in the Big Eight.

OU Should Be Strong In '73

There aren't going to be too many yards on the field this year for Oklahoma. The Sooners have been relying on the strength of their defense throughout the season, and they are expected to continue that trend.

The Sooners' defense has been one of the best in the Big Eight, and they have been able to shut down some of the top offenses in the conference. They have a strong line and a talented secondary, and they are expected to be a force on the field.

On offense, the Sooners are relying on the strong performance of their quarterbacks. J.J. Batten has been impressing everyone with his accuracy and quickness, and he is expected to lead the team to victory.

SW, Langston Play In Bowls Saturday

Another Toronto/Oklahoma matchup awaits the Redskins against Langston University. While the Redhawks take on the Thunder, Langston will line up against Nebraska at the Oklahoma City Bowl. Nebraska, a third place team in the Oklahoma

Collegiate Athletic Conference, will work as an underdog in a matchup of teams that have been to the NCAA playoffs and won national titles.

The Redhawks are led by quarterback Anthony Williams, who has thrown for over 3,000 yards and 28 touchdowns. Nebraska is led by the dynamic duo of quarterback Taylor Martinez and running back Ameer Abdullah, who has 1,370 yards and 14 touchdowns.

As a result, this game promises to be a high-scoring affair with both teams looking to make a statement in their respective conferences.

**Chiefs Need High-Scoring Guard**

The old joke about the Oklahoma City University guard is that the guy who throws the ball is bound to get his hands on it. And that guy was 6-foot 6-inch Darrell Redwine because the other guy, 6-foot 1-inch Darrell Jamison, has to look up at him. The joke is: Turn the other way.

The Oklahoma Sooners basketball team is showing its strength in the Big Eight basketball season. The team is currently ranked third in the conference, just behind Kansas and Texas. The Sooners have won six of their last seven games, including a 32-point victory over Oklahoma State University. Head Coach Jim Calhoun has been picking up some of the top players from other conferences, including a transfer from UCLA. The team is looking forward to a tough game against Kansas State University on Saturday.

Management Tearing Up Colts

SAN FRANCISCO—(AP) — Bill Curry knows he can't afford to let the San Francisco 49ers down next year. Already he has been talking about the need to start building a better team this year. Otherwise, the 49ers are likely to remain in the basement for the next few years.

Curry, who was named general manager and head coach of the 49ers last season, says he will make some changes in the team's personnel staff to help get the 49ers back on the right track. He also plans to sign free agents to bolster the roster, and he hopes to draft some talented players in the upcoming NFL draft.

In addition to these changes, Curry says he will work closely with the 49ers' players and coaches to improve the team's performance. He believes that with the right attitude and effort, the 49ers can make a strong comeback next year.

Curry was hired by the 49ers after spending the previous season as an assistant coach at Stanford University. He has a long track record of success in the NFL, having worked with several teams over the years.

Brown To Quit Raiders?

By MURRAY OLDERMAN

OAKLAND—(AP) — The relationship of Raiders owner Al Davis and quarterback Jim Brown is in tatters as a result of Brown's availability to the team.

Davis is said to have been angry with Brown when he was traded from the Cleveland Browns to the Raiders last season. Davis wanted Brown to be his starting quarterback, but Brown signed a contract with the Philadelphia Eagles instead.

Davis has since tried to bring Brown back to Oakland, but Brown has refused to return to the Raiders. The quarterback is now playing for the Eagles and is said to be looking for a new team to sign with.

Davis is reported to have told Brown that he is no longer welcome in Oakland.

Barry Comes Back

By DICK GRAY

November 26, 1973

The Oklahoma Journal

Barry, the Oklahoma Sooners' most outstanding running back, is back. The 20-year-old sophomore was expected to be one of the nation's top players this season. But a broken leg suffered in the Sooners' win over Kansas State on Oct. 26, 1973, kept him out of action for six weeks. Now he's back and his presence will certainly boost the Sooners' chances of winning the Big Eight Conference championship.

Penn State A Power Under Paterno

By O'REILLY BYRNE

Pittsburgh (AP)—The nation's No. 2 football team, Penn State, moved up two spots to the No. 2 position in the Associated Press and United Press International polls this week. The Nittany Lions, who last week defeated Ohio State, 14-7, remain unbeaten and are tied with Michigan for the lead in the Big Ten Conference.

The Nittany Lions have won four consecutive games since losing to Michigan State, 10-0, on Oct. 6. They are now 5-0 in the Big Ten and 7-0 overall. They are scheduled to play Indiana at home on Saturday.

The Associated Press poll released Monday showed Penn State with 489 points, one point ahead of No. 3 Notre Dame. The UPI poll had Penn State with 473 points, one point ahead of No. 2 Texas. The Longhorns are 6-0 in the Big 12 Conference and 6-0 overall.

College football rankings are based on the number of first-place votes received by each team. A first-place vote is worth 10 points, a second-place vote is worth nine, a third-place vote is worth eight, a fourth-place vote is worth seven, a fifth-place vote is worth six, a sixth-place vote is worth five, a seventh-place vote is worth four, an eighth-place vote is worth three, a ninth-place vote is worth two, and a 10th-place vote is worth one.

The Associated Press and UPI polls are published weekly during the football season. The final rankings will be announced after the last game of the season on Dec. 31.

Baseball Men Study Change

BANGOR (AP)—The national baseball leadership has changed, with the National Collegiate Athletic Association (NCAA) taking over the control of the sport from the American Baseball Congress (ABC). The ABC, which had controlled baseball college championships since 1935, has been dissolved.

Two of the NCAA's three-member board of directors—Vernon F. Miller, chairman of the ABC, and Roy J. Humes, president of the ABC—were appointed to the NCAA's board of directors.

The NCAA will now oversee the scheduling, rules, and officiating of collegiate baseball games. The ABC will continue to administer the College World Series and the NCAA baseball championships.

President Carter signed a bill last week that gave the NCAA the power to administer college sports. The bill was passed by Congress in March.

East Central To Get Activities Center

GOLDEN (AP)—The East Central University Activities Center will be built in Golden, Okla., the university announced Monday. The $1.2 million facility will be funded by a state bond issue and will replace the university's old gymnasium.

The activities center will include a gymnasium, a swimming pool, a weight room, and a fitness center. It will be located on the university campus and will be open to students and faculty from all over the state.

The university said that the new facility will provide a safe and enjoyable environment for students to participate in sports and physical activities. The university also said that the facility will help attract new students and improve the university's reputation.

It's Era Of Tight End In Pro Ranks

BY MURRAY OLDSMITH
SAN FRANCISCO (AP) - A surge can mean a new era right now in the National Football League, and the current upsurge in tight ends in the workhorses and the scoring leaders among the tight ends. The surge is not the result of a sudden rise in the number of tight ends being drafted or signed as free agents. It is the result of a change in the way the game is being played.

The change is a result of the improved skill of the tight ends, who are no longer just blockers and receivers. They are also passers, and they are making plays that were once the province of the quarterback. The change is also a result of the increased use of the spread offense, which emphasizes the use of the tight end as a threat to the defense.

The surge in the number of tight ends being used in the spread offense has led to a rise in the number of tight ends being drafted and signed as free agents. The surge has also led to a rise in the number of tight ends being used in the passing game.
