Their future will depend on electricity.

No one can know for sure what our young people will be taking over. jobs that will shape and fix our society. Whatever jobs they choose - doctors, lawyers, nurses... electricity will be needed.

As they grow and mature to accept their responsibilities, Ogle will have electricity. Because it is our responsibility to keep pace with the growing demands of customers.
Southside Housing Project Approved Over Protests

In MEETING ROOMS The Oklahoma City Housing Authority and City Council held a public hearing on a zoning change for a site to be used for a low-income housing project. The proposal to build 300 units of low-income housing on land owned by the city was opposed by a group of residents near the site. The council voted to approve the project after a long debate.

Victim Eludes Her Attacker By Promising Later Tryst

In NEW YORK City, a woman was able to escape an attack by telling her attacker she would meet him again later. The woman was walking home from work when she was approached by a man who asked her for money. When she refused, he grabbed her and tried to force her into his car. She managed to escape by promising to meet him later. The attacker was not caught.

Dean Says Nixon Expected Tape Win

In WASHINGTON, D.C., President Richard Nixon said he expected to win the upcoming presidential election. "The American people are going to give me a mandate," Nixon said in a speech. "They want to see a strong, united America, and I will lead them in that direction.
