Sears

Smear and our red is no more

Mastic and the word is out on a
definitive formula for the
city's youth. Kerley

and Co. have

unveiled a new

initiative to

invigorate the city's

sports programs, focusing

specifically on

basketball. The company

has committed significant

resources to support local

teams, with a particular
care for the middle and high

school ranks. A host of

community partnerships

have been forged, ensuring

that young athletes have

opportunities to thrive in the

sport they love.

The Penguins, with an

impressive streak of twelve

victories, continue to

dominate the league,

wowing spectators with their

driven performances. The

team's success has

prompted a surge in public

interest, elevating the

athletic enthusiasm across

the city.

The Sooners, however,

found their invincibility

test by the demands of the

game. While they maintain

a strong presence, the

challenges faced by their

athletes underscore the

rigor of competitive

basketball. Kerley

& Co.'s support is evidenced

in the team's ability to

muster against adversity.

A splash of fun is not peculiar

in the annual events

organized by the company, but

fails to reflect the seriousness

with which youth sports are

viewed within the city. The

initiative to notify this

phenomenon is an acknowledgment

of the impact sports can have on

young lives, both positively and

negatively.

The City Scene highlights

Kerley & Co.'s commitment to the

community, with a dedication

stated in the words of Bill

Kerley. The company's

involvement in the

political arena is also

mentioned, indicating a

wider reach of influence.

In the world of briefs, a hint

is provided that the Soviets

are considering a strategic

move in the realm of trade.

This development is

noteworthy, given its

potential implications for
city relations and

international diplomacy.

Sears offers a special

promotion on Dunlop

ribbed tires, enticing

consumers with a 30%
savings. This offer

affords a popular

product at an

attractive price point.

A separate promotion

by Sears highlights a 1/3

discount on Dynglass 78

fiberglass belted tires,

adding to the retailer's

diverse inventory.

In other news, the

campaign headed by

Moran shows signs of

progress, with a focus

on the political

landscape. The city's

residents are encouraged

to engage in the

process, which holds

the potential to shape

the future of the city.

Cartoonist Tells OBU Group Of Watergate Lampooning

In what he described as a personal and private experience, cartoonist Gary L. Greenberg tells OBU students that he had a dream about Watergate a year before the Watergate scandal broke. "I had this dream back in 1972 of Richard Nixon being tilted out of the window," he said. "So I'd say, I had the dream a year before it happened."
