Blazer Explosion Stuns Hawks, 8-3

On the court, the Oklahoma City Thunder flexed their muscles against the Atlanta Hawks, claiming an 8-3 victory in their latest encounter. The Thunder’s defense was relentless, nullifying the Hawks’ scoring efforts, while their offense exploded with a powerful 18-point burst in the fourth quarter.

The game was a contest of two teams with contrasting styles. The Thunder, known for their fast-paced, high-scoring approach, dominated with a mix of acrobatic dunks and sharp passes. The Hawks, on the other hand, relied on their precision and ball movement to create open shots, but were unable to keep up with the Thunder’s relentless pressure.

In the first half, the game was evenly matched with each team showing their strengths. The Thunder led by a narrow margin, but the Hawks managed to stay close, keeping the game within reach.

As the game progressed, the Thunder’s superiority became more apparent. They took control of the paint, where center Steven Adams and forward Darius Miller made significant contributions with a combined 20 points and 12 rebounds.

The game’s turning point came in the fourth quarter, where the Thunder unleashed their offensive capabilities. Guard Shai Gilgeous-Alexander led the charge with 14 points and 4 assists, while forward Jerami Grant added 12 points and 5 rebounds. The Thunder’s dominance was evident as they pulled away for a decisive win.

Despite the Hawks’ efforts to comeback, it was not enough to challenge the Thunder’s relentless tempo and strong offensive play. The Thunder’s victory was a testament to their collective efforts and the continued improvement of their core players.

The victory came at a critical juncture for the Thunder, as they solidified their position in the Western Conference standings. The Hawks, on the other hand, will need to regroup and reassess their strategies to prevent further setbacks.

The game was a dynamic showcase of the Thunder’s offensive prowess and the Hawks’ defensive resilience. It was a reminder that every game in the NBA is a significant challenge, and each team must remain focused and determined to succeed.

There is only one answer, of course. But there is another question.

Will you deal with a problem drinker? It won't be easy. He's your friend. You don't want to hurt him or tell him. You don't want to lose a friend. But that is just what may happen.

After the party, your friend is potentially a killer. He's speeding and weaving, endangering his life and the lives of others.

Problem drinkers were responsible for 15,000 highway deaths last year. They killed themselves. They killed innocent people.

And they didn't only kill. They crippled and destroyed lives without actually taking them.

If your friend has a drinking problem, there are many ways you can help him. But first you must help him stay alive.

If you are really his friend, don't help him drink. If he has been drinking, don't let him drive.

Drive him yourself. Call a cab. Take his car keys.

Everything you think you can't do, you must do. At the party.

**AT THE PARTY.**

**AFTER THE PARTY.**

**WHEN A PROBLEM DRINKER DRIVES, IT'S YOUR PROBLEM.**

Queen of the Stardust Ballroom

Middle-aged Love Story

HOLLYWOOD — "Queen of the Stardust Ballroom," starring George C. Scott and Charles Durning, opening Thursday, proves that age is just an alibi when a man is in his prime and a woman knows the secret of eternal youth. The script is a study based on a dancing mother, Frances Faye, and her son, Robert Flammond," written by Jeanine Basinger and directed by Robert Altman. The story, set in the 1930s, chronicles the life of a woman who, after discovering the secret of eternal youth, becomes the queen of the Stardust Ballroom.

George C. Scott is outstanding as the aging mother, who defies the laws of aging and becomes the queen of the Stardust Ballroom. Charles Durning is equally impressive as the aging son, who is forced to confront the reality of aging and the inevitable passage of time.

The film is a remarkable achievement, not only for its portrayal of the characters, but also for its exploration of the themes of acceptance, love, and the challenges of growing old.

The screenwriting and direction are superb, and the performances are outstanding. The film is a must-see for anyone interested in the exploration of the human condition and the timeless themes of love, loss, and the inevitability of mortality.

If I'm going to smoke, I'm going to do it right.

Some people smoke a brand for its image.
I don't. You can't taste image.
I smoke for taste. I smoke Winston.
All Winston will ever give you is real taste.
And real pleasure. For some of us,
that's enough. Winston is for real.

AMOUR'S ANECDOTE
By Richard Armour

VISION OF THE FUTURE

Life as it could be, you know, though perhaps not always so. It has its ways to go. It's not as bad as it looks.

I heard this from a friend of mine, and I was surprised. It's not as bad as I thought.

The dream was truly happy and calm as it was a little bit quiet.

It seems I should die a little bit.

To feed my hungry soul.

The sun rose with the warmth of the morning.

If you smoke menthol...

Anybody who smokes knows there's controversy about smoking going on. And that most of the controversy is about 'tar' and nicotine.

Yet when we ask the average menthol smoker why he smokes a menthol cigarette, he almost always tells us that he smokes a menthol because it doesn't have a hot or a harsh or a scratchy taste.

Well, Vantage with menthol doesn't have a hot or a harsh or a scratchy taste either.

But what Vantage Menthol also doesn't have is anywhere near the 'tar' and nicotine most of the other menthols have.

And that's something we thought a menthol smoker would want to know about.

Vantage Menthol tastes every bit as cool, every bit as refreshing as any menthol cigarette you ever smoked.

But it has only 11 milligrams 'tar' and 0.8 milligrams nicotine.

Don't get us wrong. That doesn't mean Vantage Menthol is the lowest 'tar' and nicotine menthol around. It does mean that Vantage Menthol is the lowest 'tar' and nicotine cigarette that you'll enjoy smoking.

You don't have to believe us. All you have to do is try a pack.
