Marichal's Real Role: 'Juan The Giants Killer'

Jim Murray

There's one game in base ball that stands out as the best game Marichal ever pitched. It was the one where the Giants beat the Dodgers in L.A., 3-2, and it was the one that made Marichal famous. In that game, Marichal pitched a complete game, allowing only two hits and striking out nine batters to earn his first victory in the majors. It was a game that he expected to lose, but one that he ended up winning. Marichal's Real Role: 'Juan The Giants Killer'

Edmond Pays Tribute

Girl Scouts Honor ‘Heroines’

A Girl Scout Court of Honor was held recently in Edmond, Oklahoma, as part of their annual celebration.

The event honored several local women who made significant contributions to the community. Among the awardees were

- Maria Lopez, a local entrepreneur who started a successful business that employs many in the area.
- Dr. Jane Smith, a renowned scientist who has made groundbreaking discoveries in the field of renewable energy.
- John Wilson, a dedicated volunteer who has spent countless hours working to improve the lives of the elderly in Edmond.

The ceremony was held at the historic Edmond Opera House, with performances by the local symphony orchestra and a guest appearance by noted author Sarah Johnson. The evening concluded with a reception and a dinner featuring local cuisine.

Incumbents Opposed

In the upcoming election, several incumbent candidates are facing opposition from challengers.

- Mayor John Doe, who is seeking re-election, is facing a challenge from Tom Smith. Smith, a local businessman, has promised to bring new jobs and economic growth to the city.
- City Councilman Jane Doe, also running for re-election, is facing a challenge from Sarah Johnson. Johnson has criticized Doe for her handling of the city’s budget and her support of new projects.

The election is set for next month, and voters are expected to make decisions based on these issues and more.
