Police Get Break Advice
Don’t Bunch Up!

By TERRY MAXON
Of The Journal
City police offers are being advised by the police department to ‘break’ their activities to avoid situations where they must move in a group to maintain the peace or to pursue a suspect. The department’s efforts to break up some of the chaos that has hit local law enforcement agencies are aimed at reducing tensions between officers and the public, as well as between officers themselves. At the same time, police

Lawmen Ambushed On Reservation

2 FBI AGENTS SLAIN
BY MILITANT SIOUX

By JOHN GILBERT
Of The Journal
All Native American FBI agents working on the reservation are out of commission for a week, as the police department is taking a break from their usual duties to attend to their mental health. The agents have been working long hours dealing with the violence and chaos on the reservation, and are taking a well-deserved break to rest and recharge.

More Bureaucratic Invasion

This is a form of operation. It is in the spirit of the U.S. government to create a vast bureaucracy that will not only control the people but also be a source of power for itself. This is done by making the government as complex and confusing as possible.

They fly with the Meridian with Max Adams, owner of Annos Homers, Missouri, and the NBC Tele-Graph, while shopping for a pair. Participating national airlines in the Greater Miami area are going away 100 miles to the games. The programs are new and have had many hours and in which all the participating airlines. The news to the on the top may be secured at participating airlines, the covered by the baseball teams.

Jones Seeks Tax Reform

The U.S. Senate's new tax bill seeks to reduce the loopholes in the current tax laws that allow many Americans to pay little or no tax. The bill, introduced by Senator Jones, aims to close these loopholes and make the tax system fairer. It proposes to increase the tax on corporations and high-income earners, while lowering taxes for middle-class Americans. The bill also includes provisions to protect small businesses and encourage investment.

Vote Ruled Lawful

In a recent case, the Supreme Court of the United States ruled on the constitutionality of a law that affects the state's election process. The Court ruled that the law is lawful and must be enforced. The decision was unanimous, with all nine justices voting in favor of upholding the law. The case involved a challenge to the law by a group of voters who argued that it violated the Voting Rights Act.

Judge Refuses Kidnap Comment

Mr. Justice D. B. Smith, Jr., of the Supreme Court, refused on Monday to comment on a petition for habeas corpus in the case of a man accused of kidnapping a woman. The petition was filed by a group of civil rights organizations and the man's attorney. The Court has not yet ruled on the petition.

MARRENSION (EP). - Report of the State Board of Elections shows that all the candidates for public office have been certified and that the election is free from fraud. The Board has received all the returns and has certified the returns to the State Board of Elections. The Board has also certified the returns to the State Board of Elections.
