Lawmen Declare War On State Drug Pushers

The arresting and ruthless strategy of the Oklahoma State Drug Enforcement Agency (OSDEA) continues to show remarkable results in the fight against organized crime and drug trafficking in the state. Since the agency was formed in May, it has made significant progress in seizing illegal drugs, apprehending suspects, and disrupting drug rings across the state. In the past six months, the OSDEA has conducted numerous operations, resulting in the arrest of numerous individuals and the seizure of large quantities of illegal substances.

The agency's success can be attributed to its dedicated and experienced law enforcement officers, who are being equipped with the latest technology and resources to combat the drug threat. The OSDEA has also established strong partnerships with local law enforcement agencies, allowing for a coordinated approach to disrupting drug operations.

The OSDEA's efforts are not only aimed at reducing the supply of illegal drugs but also at protecting the communities from the devastating effects of drug abuse. The agency is committed to working with community leaders, educators, and healthcare professionals to promote awareness and prevention efforts.

Oklahoma Attorney General, who is taking active steps to ensure the agency's mission is achieved, stated, "Our priority is to protect the citizens of Oklahoma from the dangers of drug abuse. We will continue to work tirelessly to disrupt drug rings and bring those responsible to justice."

The OSDEA's success demonstrates the importance of strong partnership and coordination in the fight against drug trafficking. The agency is well-positioned to continue making significant strides in protecting Oklahoma's communities.

Toward Stalemate Society

A report on the 1964 Democratic National Convention was sent to me by a friend who had been in Chicago. He said the convention was a farce. "The delegates were not the people's representatives," he said, "and the party was not interested in the people's problems." I agree with him. The convention was a farce, and the party was not interested in the people's problems.

The PEOPLE'S Voice

The People's Voice is a weekly newspaper published in Chicago. It is owned and operated by the People's Voice, Inc., a nonprofit organization. The newspaper is dedicated to covering the issues and events that affect the lives of ordinary people. It is a free publication and is distributed throughout the city.

Garbage And Turkey

I am writing to express my concern about the state of the garbage situation in our city. It is a serious problem that needs to be addressed. The garbage is piling up everywhere, and it is becoming a health hazard. It is time for the city to take action and clean up the garbage.

A Voice From Philadephia

I am writing to express my support for the work of the People's Voice. It is a valuable publication that covers the issues and events that affect the lives of ordinary people. I believe that it is important for the city to have a free and independent newspaper like the People's Voice.

Opinion

Detente Better Than War

I am writing to express my support for detente. It is a better alternative than war. The cold war is a dangerous and costly conflict. It is time for the United States to negotiate with the Soviet Union and find a way to end the conflict.

I don’t smoke to be like everybody else.

I smoke for taste. I smoke Winston.
Winston gives me real taste and real pleasure.
In my book, that’s the only reason to smoke.
For me, Winston is for real.
How Judy Garland Used Her "Extra Senses" On Audiences—And Men
I smoked the same brand of cigarettes for 16 years. Here's what made me stop.

The pleasure I get from a cigarette is important to me. And I've been pretty loyal to the taste I like. But even up here in the small town I live in, I've heard all the things they've been saying against smoking and against tar and nicotine.

Yet I didn't want to quit. I enjoyed it too much. So every once in a while I'd try one of those low 'tar' cigarettes. To me they were like smoking cabbage.

Then one day my wife said, "Bill, here's a new cigarette I've been reading about."

It was Vantage. I lit it up skeptically. But was I surprised! It tasted as good as my old brand. I found out that while Vantage isn't the lowest 'tar' and nicotine cigarette I can buy, it sure is the one I can enjoy. In my book that means a lot.

Because of Vantage I gave up my old brand without giving up anything I really wanted.
