Kissinger Discounts Plot Story

WASHINGTON (UPI) — Kissinger, writing in The New York Times, said the counter-plot of the Provisional Government was “an illusion.” He added that the story was “a fantasy.”

The survey, undertaken for the Islamic Defense League, indicated that more than half of the 17 million voters in the United States voted for the Provisional Government.

Army drug tests failed on 15 Army employees, according to a source close to the six-member panel.

Four of the five men who were killed were identified as John M. Johnson, 29, of Oklahoma City; Don E. McClellan, 21, of Tulsa; and Bob L. Smith, 23, of Muskogee.
