Kissinger Going Back To Mideast

VIII, Cairo — President Ford Friday evening declared Secretary of State Henry A. Kissinger was flying to Egypt to confer with an emphasis on Israel-Lebanon peace efforts. Kissinger said in a phone interview that he believed an early next year might be a good chance of success.

Kissinger also said that there would be a good chance of an early beginning to the Israeli-Libyan-Cypriot summit, with Kissinger and the Israeli leader, Prime Minister Menachem Begin, and Lebanese President Bachir al-Assad.

2 Arrested, Ransom Recovered

Kidnapped Whisky Heir Freed

NEW YORK — A $35,000 ransom note was delivered to the district attorney's office here today by a man who said he was a member of the International Brotherhood of Teamsters, Local 293.

Kissinger would return to Turkey before going to the Middle East, where he is expected to meet with Egyptian President Anwar el-Sadat and Israeli Prime Minister Menachem Begin.

The note said that the ransom was being demanded for the release of a kidnapped man, identified as John E. H. Turner, 33, a member of the Carter family, who was kidnapped in Brazil last week.

The ransom note was signed by a person identifying himself as the leader of Local 293, Teamsters, and was delivered by a man named Paul Caron, who said he was a member of the union.

Kissinger said in the interview that the Israeli and Lebanese leaders were expected to meet soon, and that he was optimistic about the possibility of a settlement.

CRIMINAL MINDS

One of the two men, a 34-year-old man, has been arrested and charged with murder in the kidnapping of John E. H. Turner, according to an FBI official.

The other man, a 30-year-old man, has been charged with conspiracy to commit murder.

The FBI has been investigating the case for several weeks, and has been working with Brazilian authorities to locate the two men.

In another development, a third man, identified as a Brazilian national, has been arrested and charged with aiding and abetting the kidnapping.

The case has been complicated by the fact that the victim, John E. H. Turner, is a member of the Carter family, and that the kidnapping took place in Brazil.

The victim was last seen on Sept. 11, 1984, when he was last seen leaving a restaurant in Sao Paulo.

The case is being handled by the FBI's Latin America division, which is responsible for handling cases involving kidnappings in the region.

Inside News

Police warned yesterday that they would use force if necessary to prevent the gunman from carrying out his threat.

A Royal Canadian Mounted Police officer, who was patrolling the area, said he had heard shots fired nearby.

The gunman, who was armed with a rifle, had earlier threatened to kill himself if police did not intervene.

The gunman was later arrested and charged with mischief.

The case is being handled by the Royal Canadian Mounted Police, who are responsible for handling cases involving firearms.

Senator Defends The Worker's Beer

TOLEDO — U.S. Sen. George V. Voinovich, R-Ohio, on Tuesday, defended a new, lower-priced beer he said is "fairly priced to compete with imports and make beer more attractive to the consumer.

"The essence of this beer is that it's a good product at a fair price," he said.

Voinovich said he has been in talks with brewers over the past several months to develop a beer more in line with what he considers a "fair price." He said he is working with the Ohio Beer Association to make sure the beer is available in the state.

The beer, which he has called "Voinovich's Beer," is a 5 percent alcohol by volume (ABV) beer that is made by a local brewery.

The beer is priced at $5 per can, which he said is about the same price as imported beers.

Voinovich said he hoped the beer would be available in other states as well.

"This is a product that can help to save American jobs," he said.

Voinovich said he is working with the American Beer Institute to make sure the beer is available nationwide.

He said he is in talks with several other brewers to develop similar beers.

"We have a lot of potential for new beers that are both good and good for the environment," he said.

The beer will be available in cans and bottles, and will be sold in supermarkets, bars, and liquor stores.

Voinovich said he hopes to have the beer available in time for the summer season.

Pilot Rescued In U2 Crash

WASILLA, Alaska: The pilot of an Air Force U-2 spy plane that crashed in the Gulf of Alaska was rescued by a helicopter from the National Guard, the Pacific Command and Joint Task Force North said.

The pilot, Capt. Tom L. Langs, 29, of F.C., Wash., was rescued by the joint force at 6:35 a.m. Thursday, the spokesman said.
