Otto's Streak Nearing An End?

SANTA ROSA, Calif. (AP) — The streak of losses for Otto, a 1-10-1, 2-year-old horse who has started and played in 10 races, is on the line in the $10,000 Santa Barbara Handicap at the Santa Anita Park on Saturday.

However, the streak could end this year. The horse has been competing in the same race all season and has won only one of the last three.

An Oklahoma Sen. John Otto, who has been battling a long illness, said that he was heartbroken when he heard the news.

"It's been a long time since I've been around the track," Otto said. "It's just sad to see the horse go through this again."

Purdue A Contender

"Last year for the first time in a while we had a lot of guys who could play and could make plays," said Purdue head coach Matt Painter. "This year we have a great group of players, and they're all doing a great job of playing together. It's been a great season for us, and we're excited to see what we can do in the NCAA tournament."

The luxury car that shows you have more money...

A luxury car has long been the symbol of having arrived. The Volvo 164 shows you used your brains to get there. For one thing, it’s an excellent buy to begin with a $16,400 asking price, and then you can add extra to the heuristics. The Volvo 164 comes with air conditioning, automatic transmission, power assisted steering, 4 wheel power disc brakes, power front windows and leather faced upholstery... all at no extra cost. The Volvo 164 also comes with other things an intelligent person can respond to. Like a responsive three-engine firewall with computerized fuel injection.
