FOR Women’s Prisons

By JOHN GILLES

Several women, including one of the women’s programs, have expressed concern over the number of women being admitted to the prison system. The women’s prison located at and operated by the prison system is currently overcrowded.

Four women, including one of the women’s programs, have expressed concern over the number of women being admitted to the prison system. The women’s prison located at and operated by the prison system is currently overcrowded.

Renewal Area Added

By TERRY MASON

The Oklahoma City Council has approved the addition of a renewal area in the downtown area. The area will include historic buildings and other landmarks.

House OKs Temporary Oil Curbs

The House of Representatives has approved a resolution for temporary oil curbs. The resolution calls for the reduction of oil production in order to control prices.

Artic Icepack Traps Barges

A large icepack has trapped barges in the Arctic region, causing delays in transportation.

FOR Women’s Prisons

Oklahoma City, OK 73101

A week of Oklahoman notes are as many as you can take without and still enjoy it. The same holds true for other Oklahoma colleges, but there are some crops in effect right now. This week, for example, the cotton crop is growing. The cotton is used for clothing and other products. The cotton crop is growing at a rate of 200 acres per week. The cotton crop is growing at a rate of 800 acres per week.
Role-Swapping Popular Topic Across Seas

Getting Into The Mood Of It...

Taking off their role and being the boss is a favorite pastime of a lot of married couples. Men and women love to swap roles and see how they would tackle everyday problems if they were the other sex. The morning routine is the big one.�

Women Who Care

Women are the leaders in the present household, and they have to be. They have to be the ones who take charge of the cooking, cleaning and the kids. But men have their role, too. They have to be the ones who get the kids to school, take care of the yard, and work to provide for the family.

Generation Rap...

Man Enjoys 'Womanly' Housework

In the generation rap, men are shown to be just as capable of doing women's chores as women are of doing men's chores. Men are shown to be just as good at cooking as women are.

Polly's Pointers...

Salt Removes Carpet Odor

Salt is a great way to remove odors from carpets. Sprinkle salt on the carpet, let it sit for a few hours, and then vacuum it up. The salt absorbs the odor and makes the carpet smell fresh.

President
Appointed
by
LSI

SANTA MONICA—Last
night (Friday) the LSI Board
was addressed by a group
of prominent bankers and
industrialists who were
in attendance to discuss the
prospects of the company.

Chairman John J. Conolly
has been appointed general
manager of the LSI.

He succeeded John J. Conolly
as president of the Los
Angeles Electrical
Assn. LSI.

Conolly has been a
prominent figure in the
industry for many years,
and his election by the
board was considered a
major victory for the
company.

The move was announced
just days after the
company announced it
would be selling its
interests in the Los
Angeles Pacific and the
Los Angeles Electric
Light Co.

Conolly said he looked
forward to working with
the new management to
build on the company's
growth and success.

**Split Ordered In Book Profits**

**Historical Funds Split**

The Oklahoma Historical Society Board Thursday
approved 30 projects costing $1.5 million.

With only a slight variance, the board approved the list of
projects from the state's largest contributor, Motorola.

The board, which is limited by the state's
corporation commission, has the final say on
what projects are funded.

Three board members
took part in the vote:

- John M. McPherson, chairman
- Don Nunn, vice chairman
- David B. Johnson, a non-voting member who
  represents the state's historic preservation
  agency

**Leadership in Okla.**

Altogether, 30 projects were approved,
including:

- $1.5 million for the construction of a new
  visitor center at the Oklahoma City National
  Memorial
- $500,000 for the restoration of the historic
  OKC Post Office
- $300,000 for the enhancement of the historic
  OKC depot

The projects are expected to be completed
by late 2024.
