35,000 Turn Out At Fair

BY DON HARRIES
The Journal staff
President Ford said a three-day Fair opening crowd of 35,000 Friday to be the largest in the 13-year history of the fair. The crowd included many Oklahoma politicians and visitors from out of state. The president, accompanied by his wife, Betty, stopped for a brief moment in the Oklahoma area of the fair and stepped out into the crowd to shake hands. The Fair organizers hope to attract a similar number of visitors Saturday and Sunday.

Ford Stresses Grain, Energy

BY NANCY GROLIN
The Journal staff
President Ford, seeking to stress the importance of grain, energy, and agricultural matters, visited the Oklahoma State Fair Friday. The president was accompanied by his wife, Betty, and their children, Tricia and John Jr., and he was greeted by Gov. Davidickson, Agriculture Commissioner George W.its, and other state officials.

Tidbits From GOP Party —

Betty Center Of Attention

by ELMERETTA WALKER

P.O. Box 1535

OMAK, WASH. 98841

Center Of Attention

Among those getting their buzz at the meetings were a bevy of handsome and attractive men who had been waiting to be the center of attention. The discussions were about political topics and the upcoming election. There was a lot of enthusiasm and energy in the room as they talked about the issues and how they could be resolved. The atmosphere was positive and the guests were all smiles as they listened to the speakers. The event was a great success and everyone had a wonderful time.

SILENCE IS DEADLY.

When someone drinks too much and goes driving, it's the silence that kills, not the alcohol.

It kills your friends, your relatives, and the people you didn't even know. But they're all people you could have known.

If you know what you're doing, maybe you'll be kept quiet. Maybe they'll learn to drive safely.

What you should say is, "I'm going to drive. I'll fly myself. That's what I do." "Sleep every night." Those are the words.

Don't drink because your friends may be drinking only beer. Beer and wine can be just as interesting as mixed drinks.

Don't drink that black coffee and make him sober. Black coffee won't sober you either. Maybe it would have been easier to figure it out yourself. But that's all.

The best way to prevent a drunk from becoming a dead drunk is to keep him from drinking.

Speak up. Don't let silence be the last word for friends.

FRIENDS DON'T LET FRIENDS DRIVE DRUNK.

Volunteer. It'll make you a better human being.
Rate Increase Studied

By ARNOLD GROVE

Oklahoma Gas and Electric Co., without a previous rate increase since 1974, is taking a new look at a utility's electric rates. The company has submitted a rate increase request to the Oklahoma Corporation Commission. The request is based on a combination of factors, including the increase in the cost of electricity and the need to modernize its infrastructure.

The company's current rates are among the lowest in the state, but the increases are necessary to cover the cost of generating and distributing electricity. The company has been working to improve its efficiency and reduce its costs, but the increases are still needed to maintain a stable financial position.

The corporation commission will consider the request and make a decision on the rates. The company's customers will receive a notification of the changes as they are approved.
