West Bypass Debated

By TERRY JASON
The Daily News
As the debate over the future of the West Bypass continues, State Highway Department Engineer Harry J. Conley recently announced that the bypass would proceed as planned. The projected cost of the project is estimated at $50-$60 million, and the actual cost is expected to be in the $50-$60 million range.

The bypass would be constructed on a north-south axis, connecting Highway 15 with Highway 162. The project would involve the construction of a four-lane divided highway, with a 12-foot shoulder on both sides. The project would also include a pedestrian path along the bypass.

The bypass would be completed in three phases, with the first phase expected to be completed in 2021.

CB Not Much Help Now

By BILL ENFIELD
The Daily News
Oklahoma planning to buy a new ground weather radar for better forecasts.

The state's current radar system dates back to the 1950s. Officials say the new system will be more accurate and provide better coverage.

The new radar will be located near Chickasha, and will provide improved coverage of the southern part of the state.

Senator Pat Slow Lifting Of Gas Curbs

WASHINGTON (AP) - Gasoline prices have slowly been on the rise since the 1970s, and the Senate has been working to lift the ban on importing gasoline.

The ban was lifted in 1973, but the ban on exports has been in place since then. The Senate has been working to lift the ban on exports, but has been blocked by the House of Representatives.

Senator Pat Slow has been working to lift the ban on exports, but has been blocked by the House of Representatives.

Perrelli Remembers Tech

Texas Tech announced its first football schedule Monday. The Tech coaches will be in the pre-season camp Aug. 12. Coach John Gagliardi, who has been at Tech for two years, said the schedule was set in consultation with the athletic director and the university administration. The team will play six home games and six away games.

Sooner's End on Good Drill

On Saturday, the Sooners ended a 10-game losing streak with a 19-0 win over Oklahoma State. The game was played in Norman, and many fans and media members were in attendance. The Sooners finished the season with a 6-5 record, and their coach, Bob Stoops, said his team had made strides and was looking forward to next year.

Florida Didn't Help Yazz's Hurt Shoulder

On the field, Yazz, the Florida quarterback, suffered a shoulder injury in the win over Georgia. The coach said Yazz would be out for two weeks, which could affect the team's preparation for the upcoming season.

Palmer Gets 20 Victories For 5th Time

In other news, Alabama quarterback Joe Palmer won his 20th game in five seasons, breaking the school record for career wins. Palmer's coach said the quarterback had matured and was a leader for the team.

No Changes For Cowboys

The Dallas Cowboys announced that they would not be making any major changes to their coaching staff or roster. The team is hoping to bounce back from a tough season last year and compete for the NFC East title.

Neighbors Snare Top Spot In Kaiser Golf Tourney

In local news, two of the residents of the neighborhood won the Kaiser Golf Tourney. The residents said they had been practicing hard and were pleased with their performance.

A's Confident About Playoffs

The Oakland A's, who are currently in third place in the American League West, said they are confident they can make the playoffs. The team has a tough schedule ahead, but the players said they are ready to compete.

Lake Reports

In the Lake Region, fishing conditions were reported to be good. Many anglers reported catching fish, and the water temperature was warm. However, some areas had low water levels, which could affect the fishing.

Lake Records

Lake records were set for several species, including largemouth bass and walleye. Anglers reported that the fish were biting well, and the conditions were ideal for catching trophy fish.

Lake Conditions

The water quality in the region was reported to be good. The lake levels were stable, and the water temperature was within the acceptable range. The weather was clear, and the wind was light, which was ideal for fishing.

Lake Activities

Several fishing tournaments were scheduled for the upcoming weekend. Anglers were encouraged to participate and enjoy the beautiful weather.

Lake Area

The lake area was well-maintained, and the facilities were open for public use. The restrooms were clean, and the trash cans were emptied regularly. The parking lot was spacious, and the roads were well-paved.

Lake History

The lake was originally created for recreational use, and it has since become a popular destination for fishing and other outdoor activities. The lake is surrounded by picturesque landscapes, and it offers a serene escape from the hustle and bustle of the city.

Lake Conservation

Efforts were underway to conserve the lake's ecosystem. Local organizations were working with the government to implement sustainable practices, such as water management and pollution control.

Lake Management

The lake's management team was monitoring the water quality closely and taking steps to maintain the health of the ecosystem. The team was also working to educate the public on the importance of conservation.

Lake Recreation

The lake offered a variety of recreational activities, including fishing, boating, and hiking. The lakefront was paved with walking paths, and the views were breathtaking.

Lake Beauty

The lake was surrounded by lush greenery and vibrant flowers. The nearby park featured picnic areas and benches, where visitors could relax and enjoy the beauty of nature.

Lake Activities

A variety of activities were available to visitors, including picnicking, hiking, and boating. The lake was a great place for families to spend time together and create memories.

Lake Resources

The lake's resources were well-developed, with facilities and services available to support visitors' needs. The lake's management team was committed to providing a safe and enjoyable experience for all.

Lake Visitor Information

For more information on the lake, visitors were encouraged to contact the lake's management team. The team was available to answer questions and provide guidance on how to make the most of the lake's beauty and resources.

Lake Contact Information

The lake's management team was available to assist visitors with any questions or concerns. Visitors were encouraged to call the lake's main office or visit their website for more information.

Lake Amenities

The lake offered a variety of amenities, including picnic areas, restrooms, and a well-maintained parking lot. The lake's management team was committed to providing a safe and enjoyable experience for visitors of all ages.

Jeane Dixon's Astrological Forecast

By Jeane Dixon

FRIDAY, OCTOBER 1

This week we have an international presence of Venus and Mercury that gives us a cosmopolitan outlook. This energy brings new ideas and innovative solutions to our daily life. We are more open to different perspectives and may feel a desire to travel or explore new cultures.

Venus (Aug. 29-Sept. 18) rules over our intuition and creativity. It is in its detriment in Libra, so we may feel a need to balance our personal desires with the needs of others. This energy can bring new insights and opportunities in our relationships.

Mercury (Sept. 9-27) is in a favorable position, allowing for clear communication and sharp intellect. It is in its detriment in Scorpio, so we may need to be careful with secrets and hidden motives.

Overall, this week is favorable for creative projects and intellectual pursuits. However, we should be mindful of our communication with others and strive for balance in our relationships.
