Benton Cites Influx Of Prisoners

By JERRY GREGG

The Oklahoma Department of Corrections is facing an influx of prisoners, and the state is likely to need more facilities to accommodate the growing population.

The department's budget has increased significantly over the past few years, leading to concerns about the state's ability to handle the growing prison population. Benton, the director of the department, acknowledged that the state is facing a challenge in managing the increase in prisoners.

Prison Fund Use Divides Legislators

Senators are divided over the use of monies from the General Revenue Fund to fund prison repairs and improvements. Some senators argue that the money should be used to address other state needs, while others believe that the repairs are necessary to maintain the state's prison system.

The issue has become a contentious one in the legislature, with both sides presenting strong arguments for their positions. The debate continues as the state looks to address the needs of its prison system.

Lennons Have Son

GOSSIP

by Robin Adams Shan

JOHNNY! My name is Johnny, but everyone calls me "Johnny." I am an American singer and songwriter. I was born on this day in 1944. I am best known for my hit song "How Much Love." I have also written songs for other artists, including Elvis Presley and Dionne Warwick. I have released several albums throughout my career and have sold over 100 million records worldwide. I am a member of the Rock and Roll Hall of Fame. I currently live in Nashville, Tennessee. I am married to my wife, Susan. We have two children: a son and a daughter. I enjoy playing golf and spending time with my family. I am grateful for all the success I have had in my career and I continue to work on new music projects. Happy Birthday, Johnny!
Real Battles Go On Before OU-Texas Game

There's some tension that can be noted in the air when the Sooners and Longhorns meet in the Big 8. It's the same kind of thing you see when there's a lot of competition. The Sooners are the defending champions, and the Longhorns are the ones with the most to prove. It's a battle of two great teams, and it's going to be a great game. There's a lot of anticipation for this game, and it's going to be a lot of fun to watch. I'm sure the fans will enjoy it.
