Yule Cards Call For 'Creativity'

THERE'S ONE MIXED blessing that comes with Christmas, and if you happen to look forward to it every year, you get cards from people you forgot. You want to reciprocate, but finding good cards is the new wave of a storm that spouts from each card to the next. How do you feel about a package that goes around the world, coming through your door? The good ones are always the ones you get from the people you remember. And so it is with the cards. You can still find the packers with a job of work, and see them in a Gesell. You need to buy the best you can get, and then put it at the top of your card list.
