Ford Says U.S.
To Stay In Asia

HONOLULU — President Ford, delivering a new Pacific doctrine of "peace with out and hostility toward none," pledged Friday to hold a strong defense posture in the Pacific region. The policy formed the core of his new foreign policy speech delivered before the National Governors Association.

In a speech designed to reassure allies and deter potential adversaries, Ford said that the United States would continue to play a significant role in the region.

"We will not use force as a political tool, but we will use our military capability as a political weapon," Ford said.

The speech was widely seen as a signal to China and North Korea that the United States would maintain a strong presence in the region.

Four Jailed

In Tree Heist

Getting a Christmas tree isn't easy in Japan, but for some people, it's not easy to get a Christmas tree in the United States. The problem is that many Americans don't have access to the trees they want, so they resort to stealing them.

In the United States, the tradition of cutting down a Christmas tree is becoming more popular, but it's also becoming more controversial. Many people see it as a way to overstep the bounds of what's acceptable for a tree.

A new tree heist was reported in March at the farm of a man in Indiana. The man, who didn't want to give his name, said he had worked hard to grow his tree and was upset that it was stolen.

"It's not fair," he said. "I worked hard for this tree and now it's gone."

Two men were arrested in the heist, and a Christmas tree was found in their car. The men were charged with theft and are awaiting trial.

Lawman Slain

Lawton, OK — brewer of beer who apparently was murdered by a tree that fell on him.

The tree fell on Lawton's head as he was walking down the street. The tree was on a residential street, and the victim was seen by several people.

Lawton was known for his work at the brewery, and many people are shocked by the news.

"We're all just in shock," said one friend. "He was always so warm and welcoming."

The investigation into the murder is ongoing, and police are trying to determine the motive.

Playwright-Novelist Thornton Wilder Dies

Wilder was a critic of the Cold War, and his works often explored themes of love, loyalty and survival. He was a member of the American Academy of Arts and Letters and was awarded the Nobel Prize in Literature in 1978.

Wilder's death comes just days after the announcement of the death of his long-time partner, Carol Wilder. The two were married for 40 years and were known for their collaboration on plays, novels and essays.

"We're all in shock," said Wilder's friend. "He was a brilliant writer and a kind soul."

The funeral service for Wilder will be held in New Haven on Thursday at 11 a.m. at St. Mark's Church. The service will be followed by a reception at the church hall.

"We're all going to miss him," said one friend. "He was such a special person."

The service will be open to the public, and all are welcome to attend.

The family requests that donations be made in Wilder's memory to the American Academy of Arts and Letters or to the Yale University Theatre.

Why is Tareyton better?

Charcoal is why. Charcoal filtration is used to filter out tastes, the natural taste of the tobacco. TAREYTON has the unique flavor that's great for the taste. Like other charred tobaccos it contains a variety of natural flavors and aromas. TAREYTON has a blend of white tar. It is a black pipe tobacco. TAREYTON is a blend of white tobaccos.
