Gang Linked By Drug Use

By MIKE REAGLE

The three young suspects who were shot and killed in southeast Oklahoma City early Friday morning in a gun battle involving a possible narcotics-related shootout, according to police, had been linked to the killing of another man earlier today.

Police said that after the shooting, officers found a fourth suspect, a man who was on the run from officers.

The four suspects were killed when they opened fire on officers, and police are investigating whether the suspects had been involved in any other crimes.

The shooting occurred on a city street near a popular bar, where police said the suspects had been seen fighting.

The suspect who was killed was found to be carrying a handgun, and police said he was the one who had shot the other three suspects.

The shooting is being investigated by the Oklahoma City Police Department, and police said they are trying to determine whether the suspects had been involved in any other crimes.

State Editorials

French Eye Doctors

The French Eye Doctors are located in the French Quarter of New Orleans. They are known for their expertise in treating eye conditions such as cataracts, glaucoma, and retinal detachments. The team of doctors is highly skilled and uses the latest technology to provide the best possible care for their patients. They offer a wide range of services, including comprehensive eye exams, contact lens fitting, and laser vision correction.

State Editors

The state editors cover news and events in various states across the country. They provide in-depth coverage of local issues, such as politics, education, and healthcare. They also report on national and international news, providing readers with a comprehensive view of the world. Their articles are written in a clear and concise style, making them accessible to a broad audience.
Dr. Wallace is a pioneer in the field of quantum physics, known for his groundbreaking research on the behavior of particles at the subatomic level. His work has been featured in numerous scientific journals and has been the subject of several high-profile seminars and conferences. Despite his many accomplishments, Dr. Wallace remains humble and dedicated to his research, always striving to push the boundaries of our understanding of the universe.

Sandy's Not Bitter About Critics' Jibes

Artist's First Show Just 300 Years Late

by Star Tribune Staff Writer

When Robert Louis Stevenson, the noted author, asked his famous question, "What's so funny about critics?" he was thinking of the gutter critics who censured his books. But critics have always had their detractors, and perhaps the most famous of them was the 18th-century satirist, Samuel Johnson.

Johnson was a master of the pen, and his wit and acerbic comments were the talk of London. But he was not without his critics, and one of them was the satirical poet, Oliver Goldsmith. Goldsmith was a favorite of the London intelligentsia, and he often took aim at his adversaries, including Johnson.

Johnson's response to the critics was to produce his own book, "The History of Roderick Random," which was a parody of the critics' puerile attacks. The book was a great success, and it helped to establish Johnson as a force to be reckoned with. But the critics were not deterred, and they continued to attack Johnson in their own publications.

Johnson's response to the critics was to produce his own book, "The History of Roderick Random," which was a parody of the critics' puerile attacks. The book was a great success, and it helped to establish Johnson as a force to be reckoned with. But the critics were not deterred, and they continued to attack Johnson in their own publications.

Despite the vitriol of the critics, Johnson continued to write and publish, and his works became the cornerstone of the English literary tradition. And so, as Johnson once said, "Critics are like fog - they scatter, but they don't destroy the sun."

The story of Johnson and his critics is a testament to the power of the written word. It shows that even the most powerful critics cannot silence a great writer. And it serves as a reminder that the best way to deal with critics is to simply ignore them and continue to write.
Hassles Abound In Egypt

John Vernon

Movie Bad Guy Turns TV Hero

By BILL KAPLAN

Vernon

Vernon character actor George Kennedy is best known for his roles in such films as "The Boys from Brazil," "Airport," and "Airport 1975." He has also appeared in a number of other films. Now, however, his film career is taking a back seat to television as he stars in "Hassles Abound In Egypt," a new television series that is currently being broadcast.

Kennedy plays the role of a British archeologist who is studying ancient Egyptian artifacts. His character is a dedicated scholar, but he also has a humorous side that is often on display throughout the show.

Kennedy was nominated for an Emmy Award for his performance in "Hassles Abound In Egypt." He is currently working on his next film, "The Mummy Returns," which is scheduled for release in 2017.

Football's Greatest Runners:
Men Who Know Pick the NFL's Quickest, Strongest—And Hardest to Bring Down

By Larry Brown

To the fans of the National Football League, speed and size are the two most crucial factors in determining a player's success. But the NFL is more than a game of catch-up. It's a game of strategy, where every decision can mean the difference between victory and defeat. And it's a game that demands precision, where the slightest error can cost a team dearly. In this article, we'll take a look at some of the NFL's greatest runners, and see how they've managed to stay on top of their games for so long.

Matt Arnold

Matt Arnold is known for his speed, and for good reason. He's one of the fastest runners in the league, and he's not afraid to use his speed to his advantage. When he's on the field, he's a force to be reckoned with, and he's not afraid to take on any challenge that comes his way. Matt has been a star player for years, and he's not going anywhere anytime soon.

Jerry White

Jerry White is another player who's known for his speed, and for good reason. He's one of the fastest runners in the league, and he's not afraid to use his speed to his advantage. When he's on the field, he's a force to be reckoned with, and he's not afraid to take on any challenge that comes his way. Jerry has been a star player for years, and he's not going anywhere anytime soon.

Tony Williams

Tony Williams is known for his strength, and for good reason. He's one of the strongest runners in the league, and he's not afraid to use his strength to his advantage. When he's on the field, he's a force to be reckoned with, and he's not afraid to take on any challenge that comes his way. Tony has been a star player for years, and he's not going anywhere anytime soon.

C'mon

C'mon is a popular coffee brand that's been around for years. It's known for its high quality and its great taste, and it's a favorite of many people around the world. If you're looking for a delicious cup of coffee, then C'mon is the perfect choice.

Rake a holiday gift.
And bring back the feeling of an old-fashioned Christmas.

Give these delicious, homemade Christmas cookies to someone special. But don't give away the secret ingredients. Kool-Aid® drinks mix makes them so rich in flavor and texture, no one will ever know. Even main course heroes get special treatment this month and even. Makes the different flavors come through alive from Kool-Aid® drinks mix. No wonder the good stuff is the stuff that's good enough for a real old-fashioned Christmas.

COOKIES

Pecan Sandies

Pecan Sandies

Confectioners' sugar, 1 cup
Butter, softened, 1/2 cup
Vanilla extract, 1 tsp
Pecans, 1 cup
Pecan sandies:

1. Preheat oven to 350°F. Grease baking sheet.
2. Combine sugar, butter and vanilla extract in mixing bowl. Blend well.
3. Add pecans; blend well. Drop by teaspoonfuls 2 in. apart onto baking sheet.
4. Bake 10 to 12 minutes or until lightly browned.
5. Sprinkle warm cookies with confectioners' sugar. Cool on wire rack.

How The Beautiful People Get Rid Of Both Cellulite And Ordinary Fat—Without Dieting!

Yes, the Beautiful People can now afford to be flat.

These amazing, slinky-hipped people who grace the pages of the world’s most glamorous magazines and are seen in New York and Cannes and Paris, Martin and Saint-Tropez... where they are surrounded by a claque of admirers and photographers, and are seen in parties and shows, and their body has a youthful and thin right up to 60... 60... 70...and yet they are tiny, frowning at music records as they travel the globe, but always keeping their fantastic figures.

So, if you want what they do to maintain their Beautiful People bodies, the answer would always be the same: "I don't do anything; I just relax!"
We're learning the value of a dollar.
And having a great time doing it.
