Drive Safely

DEATH
Knows No Holiday...

It works round the clock ... 365 days a year! And it pays on drivers who've had "one for the road." But the saddest thing is it also takes its toll in innocent passengers, pedestrians and other drivers. Make this a happy ... healthy ... New Year. Step and think about it. Do you really need another drink? If you do ... don't get behind the wheel of a car! And throughout the season, and the year, drive as if your life depends on it. Because it does. Have a safe holiday.
Michigan Boasts Speedy Rivals
by Tom Dirato

MICHIGAN—When Michigan coach Bo Schembechler talked about his Michigan team, he was thinking of a big record.

"Our team will have a lot of speed," he said. "And we'll have a lot of energy." And we'll have a lot of heart," he added.

Schembechler, who is also the head coach of the Oklahoma Sooners, was referring to the team's speed and energy in the upcoming game against the Sooners.

The Sooners, who are the defending national champions, have a reputation for their speed and physicality. Schembechler was confident that his team could keep up with the Sooners.

"The Sooners are fast," he said. "But we're fast, too. We'll match their speed and we'll match their intensity."

Wolfpack, Mountaineers to reenact massacre?

by Arnold Hamilton

In a shocking move, Virginia and the University of North Carolina announced they would reenact the 1958 massacre of the Virginia Tech football team by the Mountaineers during a game in 1958.

The massacre, which resulted in the deaths of 32 players and coaches, has been a source of controversy and debate for decades. The two universities, along with the NCAA, have been under pressure to address the issue.

By reenacting the massacre, the universities hope to bring closure to the victims and their families. However, the move has been met with criticism from some who believe it is too soon to reopening these wounds.
