Patriotism Non-Sexist

The concept of making every soldier a woman before he or she can fight makes no sense. The idea of the military is to protect our nation from invasion. The male sex is not more capable of fighting than the female sex. The military is a place where men and women can work together and make important decisions. It is important for the military to have a diverse population of soldiers.

Question Of Ethics

Federal Government Must Pay For Abortions Again

WASHINGTON (UPI) - The federal government is being ordered to pay for abortions again Friday when the Supreme Court is expected to rule on the constitutionality of a Pennsylvania law that requires public funds to be used for the procedure. The law, which was passed in 1973, was challenged in court by several groups, including the National Abortion Rights Action League (NARAL). The court has not yet ruled on the constitutionality of the law, but it is expected to do so Friday. The case has been watched closely by abortion rights advocates who see it as a potential landmark case in the ongoing battle over the legality of abortion.

Draft Protest Ends In Minor Scuffle

TALLAHASSEE, Fla. (AP) - A small group of anti-draft protesters was dispersed by police in Tallahassee Tuesday afternoon after a brief scuffle. The protesters, who were demonstrating against the Vietnam War, were trying to block a street leading to the Capitol. Police said the protesters were trying to disrupt the session of the Florida Senate, which was in session. The protesters were arrested and taken to the Tallahassee jail. The incident was the latest in a series of anti-draft protests that have taken place in Tallahassee in recent weeks.

Abortion Services Still Difficult To Get

WASHINGTTON D.C. (UPI) - A woman named Ms. Smith, who is a resident of Washington, D.C., said she was having difficulty finding abortion services. Ms. Smith said she had been trying to find an abortion clinic in the area for several weeks, but had been unable to find one. She said she was concerned about the lack of access to abortion services in the city, and was considering traveling to another state to obtain an abortion. She said she was also concerned about the legal status of abortion in the United States, and was considering seeking advice from a lawyer.

Pilgrimages Made To Wrong Tomb

NEW ORLEANS (AP) - The pilgrimage to the tomb of St. Louis was a controversial event in 1970, as many people believed that the incorrect tomb was being visited. The pilgrimage was organized by a group of American Catholic pilgrims who traveled to France to visit the tomb of St. Louis, who was a king of France in the 13th century. They traveled to the town of Saint-Louis-de-la-Place, where they believed the tomb was located, and they held a Mass in front of the tomb. However, it was later discovered that the tomb they visited was actually the tomb of another saint, who was also named Louis. The pilgrimage was met with criticism from other pilgrims, who believed it was disrespectful to visit the wrong tomb.

That Paris Look

The 1963 Spring-Summer collection in Paris showed the new, sinewy French look to be a far cry from the miniskirt. The new look was introduced by a number of innovative design teams that included Yves Saint Laurent, Christian Dior, and Yves Saint Laurent. The new look was characterized by a slim, fitted silhouette, with pants and skirts that were often worn with belted jackets. The use of contrasting colors and materials was also a key feature of the new look.

Fashion Tips

Party Makeup

To copy the modern look, use a special foundation that gives a healthy glow and hides any blemishes. Then use a light dusting of face powder to accentuate the modeling lines of the face. A light eye shadow is a must, along with a slightly darker shade on the eyelids. A light blush is also required to add color to the cheeks.

Good Smiles

PROFESSIONAL SMILES are usually obtained by using a light, natural color for the lips. This color should be applied to the upper and lower lips, and should be blended evenly. A light pink color is usually best, as it gives a natural look.

Soft Shirts

The shirt dress is a hit in two great styles for spring. They are soft polyester in white with red and blue stripes, and white with blue stripes. Choose the short-sleeved v-neck. Or the long-sleeved shirtwaist with color, button front, junior sizes. $25 each
Summer Flings

Light-hearted is the word for Cathy Wedderburn's ensemble. "We all need a break," she states. Her group decided to make a statement. "We are taking on a more informal approach," she adds. "We have chosen to wear casual yet chic outfits." Cathy Wedderburn's ensemble consists of a white blouse, black trousers, and a black hat. The outfit is completed with a black bag and shoes.
