Nigh Endorses Spending $160 Million Of Surplus

By Ray McCarthy
OKLAHOMA CITY (UPI)— Gov. George Nigh, who previously supported spending $70 million of the state’s $200 million surplus, Wednesday proposed an outline for a new state construction program. Nigh said the Legislature has said the money should be fought on the ballot at the next election. Nigh said the money should be spent on roads, hospitals, schools and other capital improvements. Nigh said he would recommend a $60 million bond issue for the state’s schools.

Colombians Take 45 Hostages

BOGOTA, Colombia (UPI) — Twenty-four soliders of the Colombian army were taken hostage yesterday by guerrillas who hijacked a Colombian government plane in a forested mountain area in the southern part of the country.

The Colombian government announced that the aircraft was hijacked by 30 to 40 guerrillas who had been hiding in the mountains for several days. The guerrillas took control of the plane and forced the pilot to land in a remote area.

The Colombian government said the plane was carrying 20 military personnel and four civilians. The government also said it was not clear whether the guerrillas had any political agenda.

In New York, U.S. Secretary of State George Shultz was consulted by the Colombian government about the situation. Shultz said the United States was willing to help Colombia in any way it could.

In Washington, Colombia’s foreign minister, Dr. Jorge Uribe, said the government was in contact with the guerrillas and was trying to negotiate their release.

The news of the hijacking came a day after a similar incident in which guerrillas were held hostage in a nearby province.

The letzillas, who hijacked the plane, were renegade officers of the Colombian army who opposed the government’s efforts to negotiate a peace agreement with the guerrillas.

The Colombian government said it was not clear whether the hijackers were part of the same group that hijacked a plane in February.

The incident has raised concerns about the security of the country, which has been plagued by guerrilla violence for decades.
