Iran Panel Returns

By Barry Kelley

OKLAHOMA CITY - Police investigating a recent series of break-ins throughout the city said Friday that they have determined there are at least two armed robbers, possibly more than three. The officers said they have evidence that suggests the robbers are from both Oklahoma City and surrounding areas.

Junior class President Rocky Narr, 21, of Midwest City, who is a police officer, said his department has been investigating the cases for more than a year. He said he was called in because he was a police officer.

"The police department does not have the manpower to deal with the problem," Narr said. "We have to take the lead in this investigation." The officers said they have learned that the robbers have been targeting banks and other financial institutions.

Students Dance After Long Wait

ELOMBE CITY (UPI) - High school students described the dance as a "great job," but some parents said it was a disaster.

"I think it was a great job," said Larry Johnson, a parent of one of the students. "They did a great job." But other parents disagreed.

Horning was the 19th consecutive junior class president to be elected to the Garvin County student council. He was elected on the basis of his academic and extracurricular achievements. He has been a member of the student council since his junior year.

"We are supported by the Garvin County Student Council," Horning said. "They understand that there are a lot of things that need to be done." The council has been working on improving the school's facilities and programs.

"We would like to get the money," Horning said. "We would like to get the support." The council is planning to raise money through a variety of fund-raisers, including a dance.

The council is also planning to invite guest speakers to talk to the students about various topics, such as substance abuse and peer pressure.

Legislators Create Council To Hear Blood Bank Battles

Oklahoma City (UPI) - Members of the Oklahoma House of Representatives met Thursday to discuss the impact of the recent changes in the state's health care system on the Oklahoma Blood Institute. The meeting was held at the state Capitol to discuss the issues and to hear from various stakeholders.

Joanne Brown, director of the Oklahoma Blood Institute, said that the changes have had a significant impact on the institute.

"We have seen a decrease in donations," Brown said. "We have seen a decrease in the number of donors." The institute has been working to address these issues by increasing outreach efforts and by partnering with local hospitals to increase awareness.

Brown said that the institute is working with the Oklahoma Department of Health to develop programs that will help to address these issues.

Cameron's Aggies Advance In NAIA Tournament, 120-86

Oklahoma City, Oklahoma 73102

Thursday, March 13, 1990

The Aggies used a 20-9 run in the first half to take a 54-36 lead. Cameron had a 20-9 lead in the second half and a 20-9 lead in the final minutes.

The Aggies then went on to defeat the opposing team, 120-86, in the NAIA Tournament.

Gacy Convicted Of Sex Murders

By Ronald Rona

CHICAGO (UPI) - John Wayne Gacy, a leading contractor, was found guilty of murdering 33 young men and boys, and of raping and sodomizing more than 100 others in a nationwide sex-murder ring.

Gacy was convicted of the murders of 33 young men and boys, and of raping and sodomizing more than 100 others in a nationwide sex-murder ring.

"I feel the man is guilty," said James A. Amato, Gacy's lawyer, as he read from the evidence in the case. "He is guilty of murder and rape and sodomy."

The jury, which deliberated for more than six hours, found Gacy guilty of first-degree murder in the deaths of 33 young men and boys, and of raping and sodomizing 100 others. Gacy was also convicted of attempted murder.

"The evidence is overwhelming," Amato said. "He is guilty of murder and rape and sodomy."

Voices Of The People

Wrong Impression

So many of our fellow citizens are ready to sell the state to the oil and gas industries that they forget we have an Earth that is also ours. At the state capitol, we have an Earth that is also ours. At the state capitol, we are determined to protect it.

Robert Walters

Tapping The Apolitical Vote

There is a small advertisement in the local newspaper for the sale of political candidates' souls. This is the influence that the petrochemical industry has on our political candidates. The state's political leaders have been captured by the power of the petrochemical industry. The people of Oklahoma are being sold out.

Empty Protest

David Miller

No more oil and gas. We need a moratorium on all drilling until we can find a way to clean up the mess they've made. Our water is polluted, our air is polluted, our land is polluted. We can't go on like this. We need to take a stand.

Art Buchwald

Committee To Raise Oil Prices

We need to raise oil prices to benefit the state. It's time for the state to take control of the energy market. We need to ensure that our energy is produced locally and sustainably.

Billy Graham

QUESTIONS: Why is it always the rich who get the oil and gas money? And why is it always the poor who have to pay for it?

ANSWERS: Because the rich have more money to spend on lobbying and politics. The poor don't have the same resources.

William Steif

So You Want To Be A Parent?

It is time - perhaps past time - for the state to assume responsibility for the care of the children.

Watered Down Report

WASHINGTON - The Department of Transportation announced today that they are downgrading the state's highways from a "good" to a "poor" condition. The announcement was made after a series of inspections that revealed a number of problems with the state's infrastructure. The Department of Transportation said that they would be working to improve the state's highways in the near future.

Winfield Wants 10-Year Pact: Control Of Club

BASEBALL (Tues.)
Dave Winfield
SEATTLE—The home run hitter and center fielder for the New York Yankees, and a member of the 1980 All-Star team, is being wooed by the Seattle Mariners. The Mariners have expressed interest in signing Winfield to a 10-year contract, which would include a $2 million bonus and a salary of $1.25 million a year. Winfield has played for the Yankees for the past 10 years and is a five-time All-Star. He is currently hitting .287 with 18 home runs and 49 RBIs.

Businessmen Urged By President
To Boycott Olympic Supplies

WASHINGTON—President Ronald Reagan, in a speech to the United Nations, urged businessmen to boycott Olympic supplies made in South Korea. Reagan said that the Olympic Games are being held in South Korea, a country with a poor human rights record, and that American businesses should not support the Games by buying Olympic supplies made in South Korea. Reagan also said that American businesses should support their own country by buying Olympic supplies made in the United States.

Goldschmidt Proposes Interim RR Operations

WASHINGTON, D.C. — Rep. Wrestling proposed a bill that would allow for interim rail operations. The bill, which would be funded by federal and state dollars, would provide temporary service until a new rail system is fully operational.

The legislation would authorize the Secretary of Transportation to enter into agreements with rail companies to ensure service during the transitional period. The bill is expected to be considered by the House Committee on Transportation and Infrastructure in the coming weeks.

State Senate Passes Third Tax-Cut Bill

OKLAHOMA CITY — The State Senate passed a tax-cut bill that would provide relief to residents. The bill, which was introduced by Sen. Tennis, would reduce the state income tax and sales tax.

Senators approved the bill with a vote of 30-0, sending it to the House of Representatives for further review. The bill is expected to be debated in the House in the next session.

Tahlequah Lawman Dies

Tahlequah, Okla. — Deputy Sheriff Blackstone died in the line of duty. The 50-year-old deputy had more than 20 years of service with the Tahlequah Police Department.

Blackstone was responding to a call when he was involved in a shooting incident. The officer was rushed to the hospital but succumbed to his injuries. The investigation into the incident is ongoing.

Judge To Decide Damages

Oklahoma City — A judge is set to decide on damages in a case involving a road contractor. The contractor, OC, is suing Aeroplane, Inc., alleging that the company is in breach of contract.

Aeroplane, Inc., has denied the allegations and countersued, claiming that OC is in default. The judge is expected to decide on damages at a hearing scheduled for next month.

Homicide Ruled Justifiable

OC, Road Contractor Sued

A woman who was reportedly killed in a shooting incident was identified as Ashley Loses. The shooting occurred during a road construction project where OC was contracted to work.

The company has been sued for negligence, alleging that they failed to provide adequate safety measures.

Mother's Wishes

A woman who was the victim in a shooting incident, Loses, had expressed her wishes to her mother prior to her death. The mother, now acting as the executor of the estate, is considering legal action against OC.

The mother's attorney is investigating the incident and is preparing to file a lawsuit against the contractor.
House Passes Drug Bill

The House of Representatives on Wednesday passed a bill that would increase penalties for drug offenses.

The bill, which passed by a vote of 287-135, includes provisions for mandatory minimum sentences for drug traffickers, increased funding for law enforcement agencies, and expanded surveillance capabilities.

The bill now goes to the Senate, where it is expected to face opposition from Democrats who argue that the bill is too punitive and would do little to address the root causes of drug abuse.
