Hints From Heloise

DEAR HELoise: I am a hard working mother with a busy day at the office and a busy one at home. My husband works long hours and leaves the house at 7 a.m. and arrives home at 9 p.m. He is a hands-on dad, but he is still busy. I am looking for tips on how to manage my time and stay organized. Can you help?

Heloise

Dear Heloise,

Managing a busy schedule can be challenging. Here are a few tips to help you stay organized:

1. **Create a Schedule:** Make a daily or weekly schedule to help you manage your time. List all your tasks and prioritize them. Use a planner or digital calendar to keep track of your appointments and deadlines.

2. **Set Priorities:** Focus on the most important tasks first. Identify what needs to be done immediately and what can wait.

3. **Delegate:** If possible, delegate some tasks to your spouse or children. This can help lighten your load and give you more time to focus on other important things.

4. **Use Technology:** Take advantage of technology to help you stay organized. Use apps like Google Calendar, Trello, or Asana to manage your tasks and deadlines.

5. **Take Breaks:** Don't forget to take breaks. Regular breaks can help you stay focused and avoid burnout.

6. **Communicate:** Keep your spouse informed about your schedule and any changes. This can help avoid confusion and ensure that everyone is on the same page.

Good luck with managing your busy schedule! Heloise.
