Traffic Deaths Pass 200 Mark

By United Press International

The number of traffic deaths passed 200 last Sunday, marking the long Memorial holiday weekend as the deadliest one in recent memory. About 300 people were killed and many more were injured in accidents estimated to total between 400,000 and 550,000. The toll included seven in Oklahoma and 43 in Texas.

Quakes Hit California

CITY OF MAMMOTH, Calif. (AP) — Three small earthquakes struck near the entire state of California on Tuesday, March 1, according to the California Earthquake Early Warning System.

The first earthquake, of magnitude 3.9, was centered near the town of Mammoth Lakes, which is about 150 miles north of Los Angeles. At least eight people were injured, and many others reported being woken up by the shaking.

The second earthquake, of magnitude 3.4, was centered near the town of Mammoth Lakes, which is about 150 miles north of Los Angeles. At least eight people were injured, and many others reported being woken up by the shaking.

The third earthquake, of magnitude 3.6, was centered near the town of Mammoth Lakes, which is about 150 miles north of Los Angeles. At least eight people were injured, and many others reported being woken up by the shaking.

The fourth earthquake, of magnitude 3.7, was centered near the town of Mammoth Lakes, which is about 150 miles north of Los Angeles. At least eight people were injured, and many others reported being woken up by the shaking.

MEMORIAL DAY

A tribute for all Americans to pause in remembrance of those who died in the service of their country, defending our cherished freedom. These men and women, from all branches of our armed forces, have gallantly played a vital part in preserving the peace of our nation. We applaud their outstanding courage. We honor their loyalty, and we sadly mourn their passing. Let's make this Memorial Day a proud and heartfelt tribute to them all.

National Smoker Study Conclusive:

Merit Pre-Empts High Tars!

3 out of 4 smokers choose MERITU over leading high tar brands in tests comparing taste and tar levels.

There’s a low tar cigarette that’s challenging high tar smoking—and winning.

The cigarette: MERIT.

High Tars Suffer Setback.

Latest research proves smokers actually prefer MERIT over leading high tar brands!

Blind Taste Tests: In tests where brand identity was concealed, a significant majority of smokers rated the taste of low tar MERIT as good as—or better than—leading high tar brands.

Even cigarettes having twice the tar!

Smoker Preference: Among the 95% of smokers stating a preference, the MERIT low tar/good taste combination was favored 3 to 1 over high tar leaders when tar levels were revealed!

Long-Term Satisfaction: In the latest survey of former high tar smokers who have switched to MERIT, 9 out of 10 reported they continue to enjoy smoking, are glad they switched, and reported MERIT is the best-tasting low tar they’ve ever tried! MERIT is the proven taste alternative to high tar smoking.
