**POLITICS STIR COUNCIL**

By Martin Zook

OKLAHOMA CITY — What has been called the "politics in government," the "politricks" among bureaucrats, has again come to the fore in the city council chamber. The city council has been meeting in public sessions and holding hearings on various matters affecting the city's budget and finances. The city council has been criticized for not being transparent and for acting in a secretive manner.

**Trooper Charged In Deaths**

By Nancy Feinstein

OKLAHOMA CITY — District Attorney Robert B. Harris said Monday that a state trooper is to be charged with second-degree manslaughter in the death of a woman and her child. The woman and her child were killed in a car accident on the Interstate 35 and Stone Road.

**Quick Cool Off**

Derrick Newton, 9, cools off Tuesday, the quickest way he knows how to cool down in the hot weather. Newton lives at the Oakridge Apartments, 3108 N. Western Ave. Photo by Chief Photographer George M. Wilson.

**Heat Wave Claims 13th Victim In State**

By United Press International

The bodies of three more victims of sweltering weather have been found in the state Friday, bringing the total to 13 people who have died in the heat during the past two weeks. The bodies of two women and a child were found in their homes. The woman's bodies were found in a home and the child's body was found in a car.

**U.S. Olympians To Get Medals**

WASHINGTON (UPI) — The U.S. Olympic committee will award medals to the U.S. Summer Olympic team which will participate in the Moscow Olympic games. The medals will be awarded at the opening ceremony of the games.

News In Brief

Army Cut Nixed

Washington D.C. (AP) -- The Army has been ordered to make no reduc- tion in its personnel for the 1980-81 fiscal year, the Department of Defense announced today. The waiver, which would have allowed the Army to cut another 23,000 soldiers, was the result of a compromise reached by Secretary of Defense Harold Brown and Secretary of the Army Donald Trump.

Politics Divide Council

Newark, N.J. (AP) -- The Newark City Council was divided today on a vote to cut the city budget by $1 million. The councilors were split 9-9, with Mayor Robert Young casting the lone vote against the cuts.

Gas Rationing Survives House Test

Washington D.C. (AP) -- The House of Representatives voted today to extend the gas rationing program for another year. The bill, which passed by a margin of 309-112, was supported by President Jimmy Carter.

Federal Revenue Sharing Revised

Washington D.C. (AP) -- The federal government has revised its revenue sharing program to allocate funds to states in proportion to their population. The new formula was announced by Treasury Secretary John Connally.

Drunk Driving Crackdown Urged

Boston, Mass. (AP) -- The Massachusetts legislature has passed a bill to increase penalties for drunk drivers. The bill, which was supported by Governor Michael Dukakis, will go into effect next year.

News In Brief

Thai Aid OKed

Washington D.C. (AP) -- The U.S. government has approved $100 million in aid for Thailand. The assistance, which will help the Thai army in their fight against the communists, was approved by the Senate Foreign Relations Committee.

Pope Calls For 'Love'

Rome (AP) -- Pope John Paul II has called for a year of 'love' to counteract the world's problems. In a speech to the Roman Catholic hierarchy, the Pope said, "We must love each other, love the poor, love the sick, love the unborn."

Closed Meeting Stance Defended

Washington D.C. (AP) -- The Senate has rejected a request to hold a closed meeting on the Iran-Contra affair. The vote, which was 52-48, was supported by Senator Jesse Helms.

Cancer Patients Volunteer

Philadelphia, Pa. (AP) -- The Cancer Prevention Foundation has announced a new program to recruit volunteers for cancer research. The program, which will pay $20 per hour, has already attracted 250 volunteers.

Daxon Finds $22 M

Oklahoma City, Okla. (AP) -- The Daxon Corporation has discovered $22 million in oil reserves in the Oklahoma panhandle. The discovery, which was made by geologists working in the area, is expected to provide a major boost to the company's profits.

$6.7 M Approved

City Negotiations Close

Los Angeles, Calif. (AP) -- The city council has approved a $6.7 million settlement in the negotiations over the use of public parks. The settlement, which was reached after months of bargaining, will go into effect next month.

From Page One

Seminole: No Trouble

Miami, Fla. (AP) -- The Seminole tribe has announced that it will continue to operate its casinos despite the federal government's latest attempt to close them. The tribe's chief, Jack Tresor, said, "We will not be intimidated by the federal government."

Don't Toss Out Old Spatulas

DEAR HELOISE, I just broke the
spatula in the kitchen for the third
times. I have replaced them many
times over the years. Is there no
way I can find a new spatula to
fit the old one?

DEAR READER, I know how
frustrating it is to break a spatula
and not have a spare one. A spatula
is a simple kitchen tool, but it can
be very difficult to replace if you
lose a few utensils. In this case,
though, you may be able to find
a new spatula that will fit the old
one. Some kitchen specialty stores
or online retailers may carry spatulas
that are designed to fit specific
brands or models. You could also
try reaching out to the manufacturer
of your original spatula to see if they
offer a replacement part. Good luck
with your cooking adventures!

Borg Sets Record With 32nd Win
Fibak Upsets Gerulaitis; Evert Ousts Jaeger

In four straight sets, Bjorn Borg defeated the once-undisputed champion John Newcombe in the final of the Swedish Indoors in Stockholm on Sunday. It was his 32nd straight victory and his 39th career title, both records.

Borg, who had lost only once in the past five months, defeated Newcombe 6-3, 6-2, 6-3, 6-1 to capture the Stockholm title, which is played as a Grand Prix event.

Fibak Upsets Gerulaitis

Fibak, the German player, defeated the American Andre Agassi 6-3, 6-2, 6-2 to reach the semifinals of the Swedish Indoors.

Evert Ousts Jaeger

In the other semifinal, Chris Evert defeated Martina Navratilova 6-2, 5-7, 6-3 to advance to the final against Fibak.

After Hitting Runners, Dewey Tackles Books

It isn't what you expect a pro baseball batter to do, but the Minnesota Twins' designated hitter, Dewey, has taken to hitting books in the off-season.

Dewey, who leads the league in hitting, has recently discovered a new passion: reading. "I don't think I would like the baseball season now," Dewey said. "I just want to get away from it all and read."

Dewey's favorite books include "The Great Gatsby," "To Kill a Mockingbird," and "1984."

LA Gets 4 On NL Team

Rainham Smith, a pitcher for the Los Angeles Dodgers, has joined the club after being traded from the New York Mets.

Smith, who played for the Mets in 1979 and 1980, has had a successful career, including a World Series appearance in 1979.

Britain's Ovett Snips Coe's Record In Mile

Steve Ovett, the British runner, has set a new world record in the mile, running it in 3:37.11.

Ovett, who had been the world's best runner in the 800 meters, took the lead with 200 meters to go and never looked back.

Ali-Holmes Fight Almost Set

In preparation for the world heavyweight championship, Cassius Clay and Joe Frazier are reportedly in talks for a potential match.

The negotiations are reportedly being handled by promoter Bob Arum, who is known for his aggressive approach to match making.

The match is expected to take place in September, with the loser of the title fight likely to face the winner.

**89ers Rip Aeros On Isales Slam**

By United Press International

89ers 19, Aeros 0 - The 89ers crushed the Aeros 19-0, with the game being played at the Isales Stadium in Isales. The 89ers dominated the game, scoring early and often, and holding the Aeros to a single run in the 9th inning. The Isales crowd, which was estimated to be over 10,000, was disappointed by the defensive mistakes of the Aeros. The Aeros, who were leading the league in runs scored, struggled against the 89ers' strong pitching.

Recession Is Nationwide

In the United States, the flatness of economic growth that began in the early part of 1973, and which seemed more and more evident as the year wore on, is now firmly established as a recession. The Federal Reserve, which is responsible for monetary policy, has acknowledged this recessionary trend and is taking steps to control it.

The recession, which is affecting all regions of the United States, is characterized by a decline in industrial production, a slowdown in housing starts, and a decline in consumer spending. The Federal Reserve, which is responsible for monetary policy, has acknowledged this recessionary trend and is taking steps to control it.

Although the recession will continue, the Federal Reserve is responding to it by raising interest rates and reducing the money supply. This action is intended to slow the economy and bring it back to a more sustainable level.

Schmidt Discusses Missiles

Mississippi State Department of Military Affairs Director W. W. Schmidt has announced that the state will begin a new program to purchase and store missiles. The program will be funded by the state budget and will be administered by the Mississippi National Guard. The missiles will be stored at the state's missile testing range at the Mississippi National Guard's Camp Shelby.

Ramsey Clark: 'We Did Wrong'

Ramsey Clark, a lawyer who has represented many of the defendants in the Watergate case, issued an apology to the American people and to the Democratic Party. Clark, who was one of the lead attorneys for the defendants, said that they had made a mistake in their handling of the case and that they had failed to appreciate the seriousness of the issues involved.

Clark said that the defendants had made a mistake in their handling of the case and that they had failed to appreciate the seriousness of the issues involved. He said that they had not paid enough attention to the evidence and that they had not been as aggressive as they should have been in pursuing their case.

Clark's statement was in response to a report by the Watergate Special Prosecutor, who found that the defendants had committed a crime and that the facts of the case were clear.

The report, which was released yesterday, found that the defendants had committed a crime and that the facts of the case were clear. It recommended that the defendants be indicted and tried for their actions.

'Lb. Salt' Is A Band That Means Business

By Grace Kaplan

The Los Angeles music scene has moved beyond the paper trail. The hard-edged rock of Lb. Salt, a new band, epitomizes the city's musical evolution.

"They're going to be the next big thing," said a music critic.

A number of factors have contributed to Lb. Salt's success. First, the band's lead singer, Lb. Salt, is a former member of the successful band, "The Lords of the Dance." Second, the band's music is a departure from the typical Los Angeles rock sound, incorporating elements of psychedelic and folk music. Third, the band's members are all talented musicians, contributing to the overall sound.

Lb. Salt is set to release their debut album, "The Future," in September. The album features a blend of rock, folk, and psychedelic elements, with catchy hooks and strong lyrics. The band's sound has been described as "a cross between Led Zeppelin and The Rolling Stones." Lb. Salt is expected to tour extensively following the album release, with plans for a tour of Europe and Asia.

Brothers Johnson 'Play Everything' To The Bank

By David Freiberg

The multi-talented Brothers Johnson are set to release their latest album, "Play Everything," which features a diverse range of genres.

"We've always been known for our versatility," said the band's leader, Reggie Johnson. "This album is a reflection of that." The album features a mix of funk, pop, and R&B, with each track showcasing a different facet of the band's musical style.

The album is set for release in August, and the band is planning a national tour to promote it. The tour will feature performances in major cities across the country, with a special concert in Los Angeles set for late September.

Graduates Heard It All At Commencement Exercises

The 100th annual commencement exercises of the University of Southern California were held on June 12. The speeches of the three graduates who delivered their addresses were heard by the large audience in the University Memorial Auditorium.

The keynote address was delivered by Dr. John W. D. Bogue, president of the University. He spoke on "The Importance of Higher Education." He emphasized the importance of education in the development of the individual and the nation.

The second speaker was Mr. John E. Rea, head of the senior class. He spoke on "The Future of the University." He outlined the university's plans for the future and expressed confidence in the university's ability to meet the challenges of the future.

The third speaker was Miss Mary Ann Oliver, head of the junior class. She spoke on "The Value of Education." She discussed the benefits of education and encouraged the graduates to continue their education.

The exercises concluded with the presentation of degrees to the graduates.

Preservation Movements Are Losing Steam

By Thomas Hine
Knotleigh-Becker Newspapers

In a day when old buildings are being torn down at an ever increasing rate, it would seem that there is a need for preservation. But the preservation movement has come up against a problem: Federal aid in building new schools and colleges has been reduced, and old buildings are not eligible for federal aid.

Today, the preservation movement has run into a new problem: Federal aid to building new schools and colleges has been reduced, and old buildings are not eligible for federal aid.

The problem is that the preservation movement has come up against a wall of resistance from the federal government. The government has been reducing funding for preservation projects, and old buildings are not eligible for federal aid.

This is the dilemma of preservation. It's a battle of the old and the new. Old buildings are resistant to change, while new buildings are resistant to preservation.

This is not to say that the preservation movement is dead. It is still alive and well. The movement is working to preserve old buildings, and there are many examples of successful preservation projects.

But the preservation movement is facing a tough battle. The government is not on their side, and old buildings are resistant to change.

The preservation movement must re-examine the structure of its battles and see whether it is needed.
