Iranian Ilogic

Apparently there is in and to the West a great deal of feeling that the Ayatollah Khomeini is not as evil as he used to be. The Ayatollah is probably more evil than ever because he has the freedom of expression to express his evil.

This paper was written in 1979 before the Shah was deposed. It is a warning to the West that the Ayatollah is not as good as he was before. The Ayatollah is now able to express his evil openly.
