Allen Heads for Coast

ALLEN CHRISTIAN, Texas (UPI) — Gulf Coast residents from Texas to Florida were bracing yesterday for Hurricane Allen, the third major storm to develop in the Atlantic Ocean this season.

Allen, which hit landfall in Texas last month as a Category 5 storm, has strengthened to a Category 4 storm with winds up to 150 miles per hour. It is expected to make landfall in Louisiana and Mississippi today, bringing heavy rain and风速高达每小时150英里的飓风艾伦正向美国南部和中部地区移动。这一季已有三场主要风暴在大西洋形成。哈维、伊恩和艾伦分别登陆德克萨斯州、南卡罗来纳州和路易斯安那州。路易斯安那州是艾伦的下一个目的地。该州已发布紧急状态，约100万人被要求疏散。艾伦的风速达到了150英里每小时，预计将给路易斯安那州、密西西比州和阿拉巴马州带来强降雨和风暴潮。}

ARRESTED FOR TRESPASSING

ALLEN CHRISTIAN, Texas (UPI) — Gulf Coast residents from Texas to Florida were bracing yesterday for Hurricane Allen, the third major storm to develop in the Atlantic Ocean this season.

Allen, which hit landfall in Texas last month as a Category 5 storm, has strengthened to a Category 4 storm with winds up to 150 miles per hour. It is expected to make landfall in Louisiana and Mississippi today, bringing heavy rain and high winds to the region.

The storm is expected to bring winds of up to 150 miles per hour to the Gulf Coast, causing significant damage to the area. The state of Louisiana has declared a state of emergency in advance of the storm's arrival.

Allen is the third major storm in the Atlantic this season, following Hurricane Irma, which hit the Caribbean last month, and Hurricane Florence, which struck the southeastern United States earlier in August. These three storms have caused widespread damage and disruptions across the region.

Weather experts are warning that Allen could be the strongest storm to hit the U.S. this year, with the potential to cause significant damages to property and infrastructure. Residents in the affected areas are being urged to stay safe and follow local guidelines for disaster preparedness.

Americans Shout Iranians Go Home

WASHINGTON (UPI) — Iranian demonstrators, crying "Long Live Khomeini," today greeted an overflow crowd of sympathizers who thronged the sidewalk opposite the White House in a show of support for the embattled Ayatollah.

"The demonstration was held to protest the United States' military and economic sanctions against Iran," said one of the demonstrators. "We believe in the Islamic Republic and its leadership and we want to show solidarity with our compatriots in Iran."

Hurricane Allen: Record-Setter

In the history of hurricanes, Hurricane Allen was one of the most intense and destructive storms ever recorded. Originating in the Caribbean, it made landfall in the Gulf of Mexico and moved inland, causing severe damage to infrastructure and property. Allen was classified as a Category 5 hurricane, the highest category on the Saffir-Simpson Hurricane Scale, indicating a storm of extreme intensity. This classification is given to hurricanes that have sustained winds of at least 165 miles per hour (265 km/h) for one minute. The storm caused significant losses in terms of life and property, leaving a lasting impact on the communities it affected.

Food For Thought

While New York Mayor Edward D. Koch was seen as a symbol of the city's resilience, a local event in Wyoming captured the attention of the nation. In a rare instance, a buffalo herd breached the fence of an adjacent ranch, leading to a standoff with local authorities. The incident highlighted the tension between human settlement and wildlife management, as well as the challenges faced by public servants in maintaining order in such situations. Koch's handling of the situation was praised for its effective communication and swift action, showcasing the city's ability to respond to unexpected events with calm and determination.

Father Wins Custody Case

OKLAHOMA CITY - The Oklahoma Supreme Court ruled in favor of a father seeking custody of his child, overturning a lower court decision that denied him visitation rights. The court's ruling was based on the best interest of the child, emphasizing the importance of maintaining a stable and loving environment. The case highlighted the complexities of family law, the importance of child welfare, and the role of courts in ensuring that children's needs are prioritized.

Gasohol Won't Be Used

SOUTH PLAINFIELD, N.J. - After lengthy discussion and debate, the Environmental Protection Agency (EPA) announced that gasohol, a fuel blend containing 10% ethanol and 90% gasoline, will not be used in the United States. This decision was based on safety concerns, environmental impacts, and economic considerations. The study conducted by the EPA revealed that the introduction of gasohol could lead to increased emissions, public health risks, and economic burdens, making the blend unsuitable for widespread use.

Coal Bid A Big Boost?

WASHINGTON, D.C. - A bid by Pacific Natural Resources (PNR) to acquire U.S. coal deposits for a large-scale export operation in the United States was met with significant interest and investment. The company's proposal to develop a new export terminal in the Pacific Northwest was anticipated to bring a surge in jobs and economic growth to the region. However, the proposal also faced opposition from environmental groups concerned about the potential environmental impacts of the project.

Queen On Target Again

PLAYBACK Gene Trippett

"The Game" Queen

Queen, the successful mosaic of Queen's theatrical concepts is designed to get the point across to their audience. Freddie Mercury's voice is supposed to be in the vein of all that's gone before, learning to cope with a troubled world. Their lyrical themes range from personal relationships to the general concepts of love and death. All the songs were written and performed by Brian May, the lead guitarist, and John Deacon, the drummer. The vocal delivery of Mercury is one of the highlights of the album. The opening track, "Who's West," sets the stage for the rest of the album. Mercury's voice is strong and clear, with a touch of tenderness. "We Will Rock You" is a stadium-type song that builds up to a grand finale. "Don't Stop Me Now" is a upbeat, catchy song that is sure to get the audience on their feet. "Under Pressure" is a collaboration with David Bowie, and it is a great example of the two artists' styles coming together. Overall, "The Game" is an excellent album that showcases the talent of Queen.
