KERR ZINK FAVORED IN TODAY'S VOTE

OKLAHOMA CITY (UPI) - Robert Kerr, Jr., a 72-1 favorite for the last major primary election for the Oklahoma Democratic primary, is scheduled to take on retired U.S. Sen. Henry Bellmon in an election to be held at the end of the month, according to John Zink, Tulsa industrialist who is co-chairman of the Kerr campaign.

Zink said the campaign is moving ahead in the absence of a formal roll call of the candidates in the race.

Kerr, a 72-1 favorite in last month's federal court case, has said he will retire in January at the end of his second Senate term. If Kerr wins the primary, he will face a special election in March.

There will be primaries for two congressional districts and four congressional seats in the 1990 legislative races.

Bellmon, a former governor, has announced he will retire in January at the end of his second Senate term.

There were no significant inroads made by Republicans in the state, and two Republican candidates are seeking their party's nominations in the 4th Congressional District, where Democratic Rep. Wilbur Mills is running for re-election after retiring last year in the 3rd District.

The democratic field features former state Bank Maitland Mario Leader, Jim Townsend of Midwest City, David McCarty, a Warren attorney; Clifford Merrick, Navy veteran; John McArdle, a former state senator; and Sen. John Montgomery, a former state senator.

The Republican field is state Rep. Steadman Moses, Oklahoma City; and state Sen. George Howard Rutland of Norman, a retired officer in the U.S. Army.

Both the Democratic and Republican candidates campaigned on platforms calling for a balanced federal budget, increased government regulation and inflation, and a strong foreign policy, and generally favor the political party that controls the state legislature.

The Oklahoma legislature is controlled by the Republican Party, leading the state to a decision on the primary election.

How To Tell If You’re Rich

There are always things in the newspaper that don’t seem to make sense. Sometimes, you can’t figure out why something is being said. Sometimes, you can’t figure out why something is being done. Sometimes, you can’t figure out why something is being ignored. Sometimes, you can’t figure out why something is being overlooked.

The reason is simply that you don’t have enough money. Money is the key to everything. Money is the key to getting what you want. Money is the key to getting what you need. Money is the key to getting what you deserve.
