Dear Son, Keep Up The Good Work

The American political system, mad, is a joke. It's a laughing stock. The entire political apparatus is a farce. The system is designed to protect the interests of the wealthy and powerful, not the needs of the people. The politicians are more concerned with getting re-elected than with doing what's right. They are more interested in pleasing their donors than in serving the public. The system is rigged in favor of the few at the expense of the many. It's a system that needs to be reformed. It's a system that needs to be changed. It's a system that needs to be abolished. It's a system that needs to be replaced with a truly democratic system that represents the will of the people. It's a system that needs to be replaced with a system that is fair and just. It's a system that needs to be replaced with a system that is equitable and sustainable. It's a system that needs to be replaced with a system that is transparent and accountable. It's a system that needs to be replaced with a system that is free of corruption and fraud. It's a system that needs to be replaced with a system that is based on the principles of equality and justice. It's a system that needs to be replaced with a system that is based on the principles of truth and fairness.

By Fred Green

The game was a total sellout, as it always is when the Dolphins play the Miami Dolphins. The Dolphins have the most sellouts in the NFL, and they always have a sellout crowd.
