School Systems Lost $50 Million

The Oklahoma Journal investigation found that the schools in the 10 Oklahoma school districts listed below had always been rated as "marginal." The investigation showed that the schools were in a state of decay and that the state government had not allocated enough funds to maintain them.

Who's Running The Show?

President Carter stood up to greet his guests for a bell ringing ceremony with Then President of the United States, and his neighbor in the White House.

These Twins Are Together

The twins have followed the career of their brother for years, and are now ready to attend the same university.

Iran Rejects Mediation Bid

Prime Minister of Iran, Mohammad Reza Pahlavi, rejected the United Nations' mediation proposal and said that it would not be considered.

Bush Turns Down Veep Debate

The Republican Party has decided not to participate in a debate with the Democratic Party's vice presidential candidate.
U.S. Falling Behind

WASHINGTON (AP) -

Lately it's been tough for many Americans to find a job or keep a job. But the worst is yet to come.

Economic problems, particularly in the auto industry, are causing growing concern about the future of the nation's economy. And it's not just the auto industry that's feeling the pain.

The nation's manufacturers, who supply 70% of all the vehicles sold, are also feeling the pinch. A major factor contributing to the slowing of the economy is the high cost of labor and materials, as well as the continuing uncertainty about the future.

Earthly View

In this view of the earth, the United States is shown as a bright green continent, surrounded by the blue of the oceans. The view also shows the northern part of South America and the southern part of North America.
Hints From Heloise

Clean Garments Before Adding The Vinegar

DEAR HELoise: I have a question about the use of vinegar in cleaning. Do both type white vinegar, or should I use only the white variety? I've been using white vinegar for years, but now that I've switched to apple cider vinegar, I'm wondering if there's a difference in how they work together. I've been mixing half and half in my laundry and it seems to work well, but I'm not sure if I'm using the right blend. I also heard that some people use lemon juice instead of vinegar. Is that a viable substitute? Any advice you can give would be greatly appreciated.

String Of Pearls Grant Asked

By Howard B. Dean, City Attorney

The question of a grant to the city for a string of pearls has been brought to the attention of city officials. The grant would be used to purchase additional pearls for the city's collection. The city currently has a string of pearls that is valued at $10,000. The grant would allow the city to purchase additional pearls, bringing the total value of the collection to $20,000. The grant would be provided by a local business, which has offered to match the city's contribution. The city council has agreed to consider the grant at its next meeting.

ACT To Consider New Name

By Nancy Franklin

The state of Texas is considering the possibility of changing the name of its premier theater company. The current name, the ACT (Austin Civic Theater), has been in use for nearly 50 years, but the board of directors is evaluating the possibility of a name change. The board is considering a number of options, including The Austin Players, The Austin Theater Company, and The Austin Stage Company. The board is expected to vote on the name change at its next meeting.

Railroad Abandonment Opposed

By John D. Taylor

The city of Galveston has opposed the proposed abandonment of a small rail line that runs through the city. The line is owned by the Texas Southern Railroad and has been in operation for over 100 years. The city has concerns about the potential impact of the abandonment on the local economy and the environment. The city has requested that the railroad company consider alternative solutions to the problem.

Lexi Ryan's Children File $3 M Suit

WASHINGTON (AP) - The four children of the late Rep. Leo J. Ryan and their father's predilection for lush wines are featured prominently in a $3 million malpractice suit filed against Dr. John B. Hardy, who operated a plastic surgery group in San Francisco.

The suit, filed in Sacramento Superior Court, alleged that the children and their mother, Doreen Ryan, who died in Nov. 1978, were permanently injured by the doctor's excessive use of a drug in a reconstructive procedure. The suit also seeks $1 million in punitive damages.

The suit was filed by the children's attorney, Jack Anderson of San Francisco.

Adamle: Sports Taken Too Seriously

Gary Deeb
TV and Film

"It was never planned that I would come to Oklahoma, but when the opportunity presented itself, I didn't hesitate to accept it. The University of Oklahoma has a rich tradition in athletics and I was excited to be a part of that. It was a great experience and I learned a lot. But after a few seasons, I started to feel like I was in a rut. The competition was intense and the expectations were high. I realized that I needed to move on and explore new opportunities. I ended up transferring to another school and it was one of the best decisions I've ever made. I'm now working in the film industry and I'm happy with where I am. I miss the Oklahoma fans, but overall, I think I made the right decision."

Double Standard?

HOLLYWOOD (AP) - There's no denying the fact that Hollywood is a double standard town. Many actresses are respected for their talent, while others are looked down upon for their personal lives. The question is, should this be a concern for actors? Loren and Linda are discussing their views on this issue.

Court Made Decision

OKLAHOMA CITY (AP) - The Oklahoma Supreme Court has ruled that the state's high schools cannot allow students to bring their own guns to school. The court's decision was based on a recent case where a student had brought a gun to school and used it to harm another student. This decision has sparked debate among parents and educators.
